Ritenour Senior
High School
9120 Bristol
St. Louis
Missouri

St. Louis was chosen as the name sake of our city, a distinguished title that would reflect on the people and institutions. Ritenour's cornerstone is an embodiment of this idea: a foundation upon which to build in the future as a part of the community.

Sports can bring together a group of total strangers and give them a common goal: the desire to win.

Ritenour encourages all students to have an interest in athletic events, using this to promote conduct, school spirit, and inter-school inter-community relationships.

Barb,

To one of the best-looking girls up at Bitenoer. I had to write some kind of an introduction. No, seriously you're an absolute doll (cause everybody says I look like you, so why cut myself down Ha-Ha) with a turnip personality. It's been a pal knowing you these last three years. In that time we've done a lot of crazy things and had a ball doing so. I hope our friendship will continue through out the years. Best of luck with Lou. I hope you two will always be happy. Love ya,

Mary (Frank)

Industrial Arts training provided at Ritenour enables the student to take his place in the area's industries and corporations as a functioning supporting member of his society.

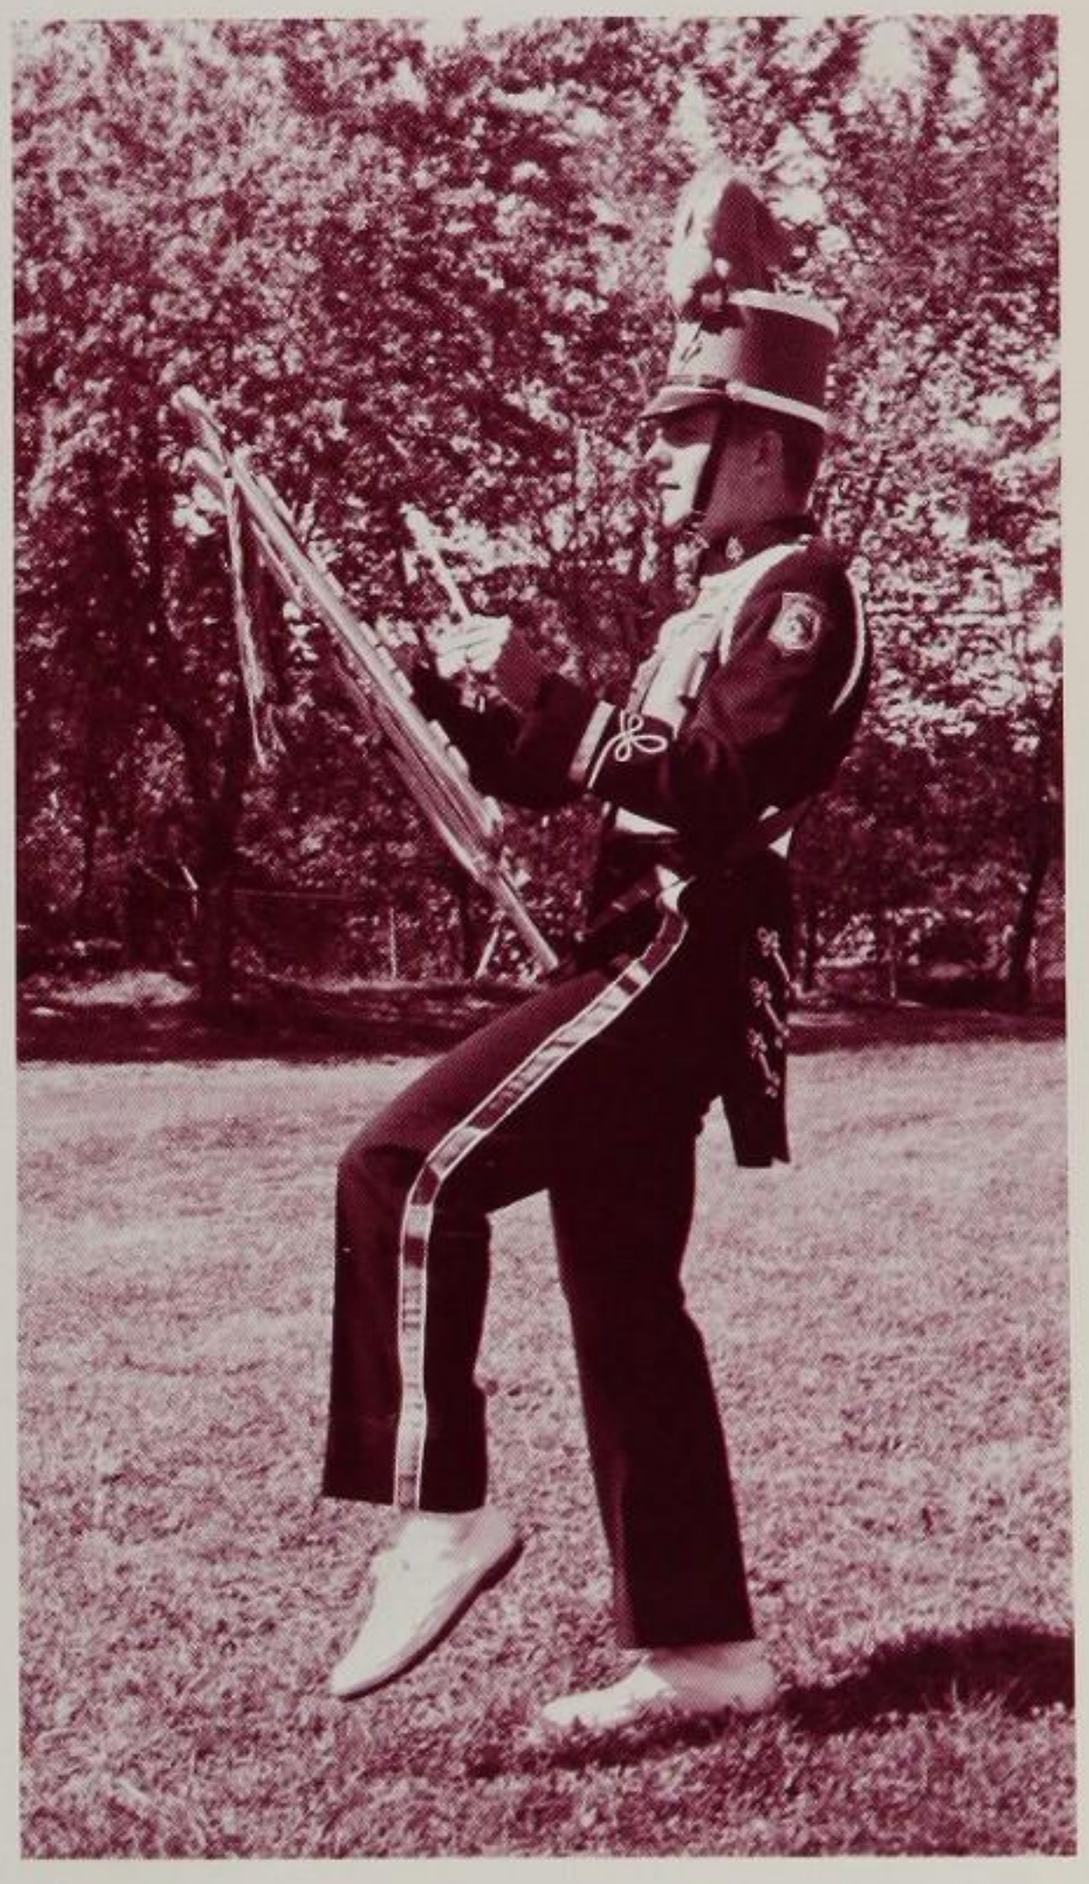
Within St. Louis there is music for all tastes: from the classical music of the symphonies and the snappy show tunes produced at the Municipal Opera, to the popular music of the younger generation. At Ritenour there is a type of musical organization for every talent and interest: the orchestra, band, and a capella choir.



Municipal Opera

Science has become the basis of American life. We depend on it for education, employment, conversation and extra activities. Ritenour helps its students adjust to the Modern Scientific World through classes in natural, physical and social sciences, as well as groups which center around these interests.

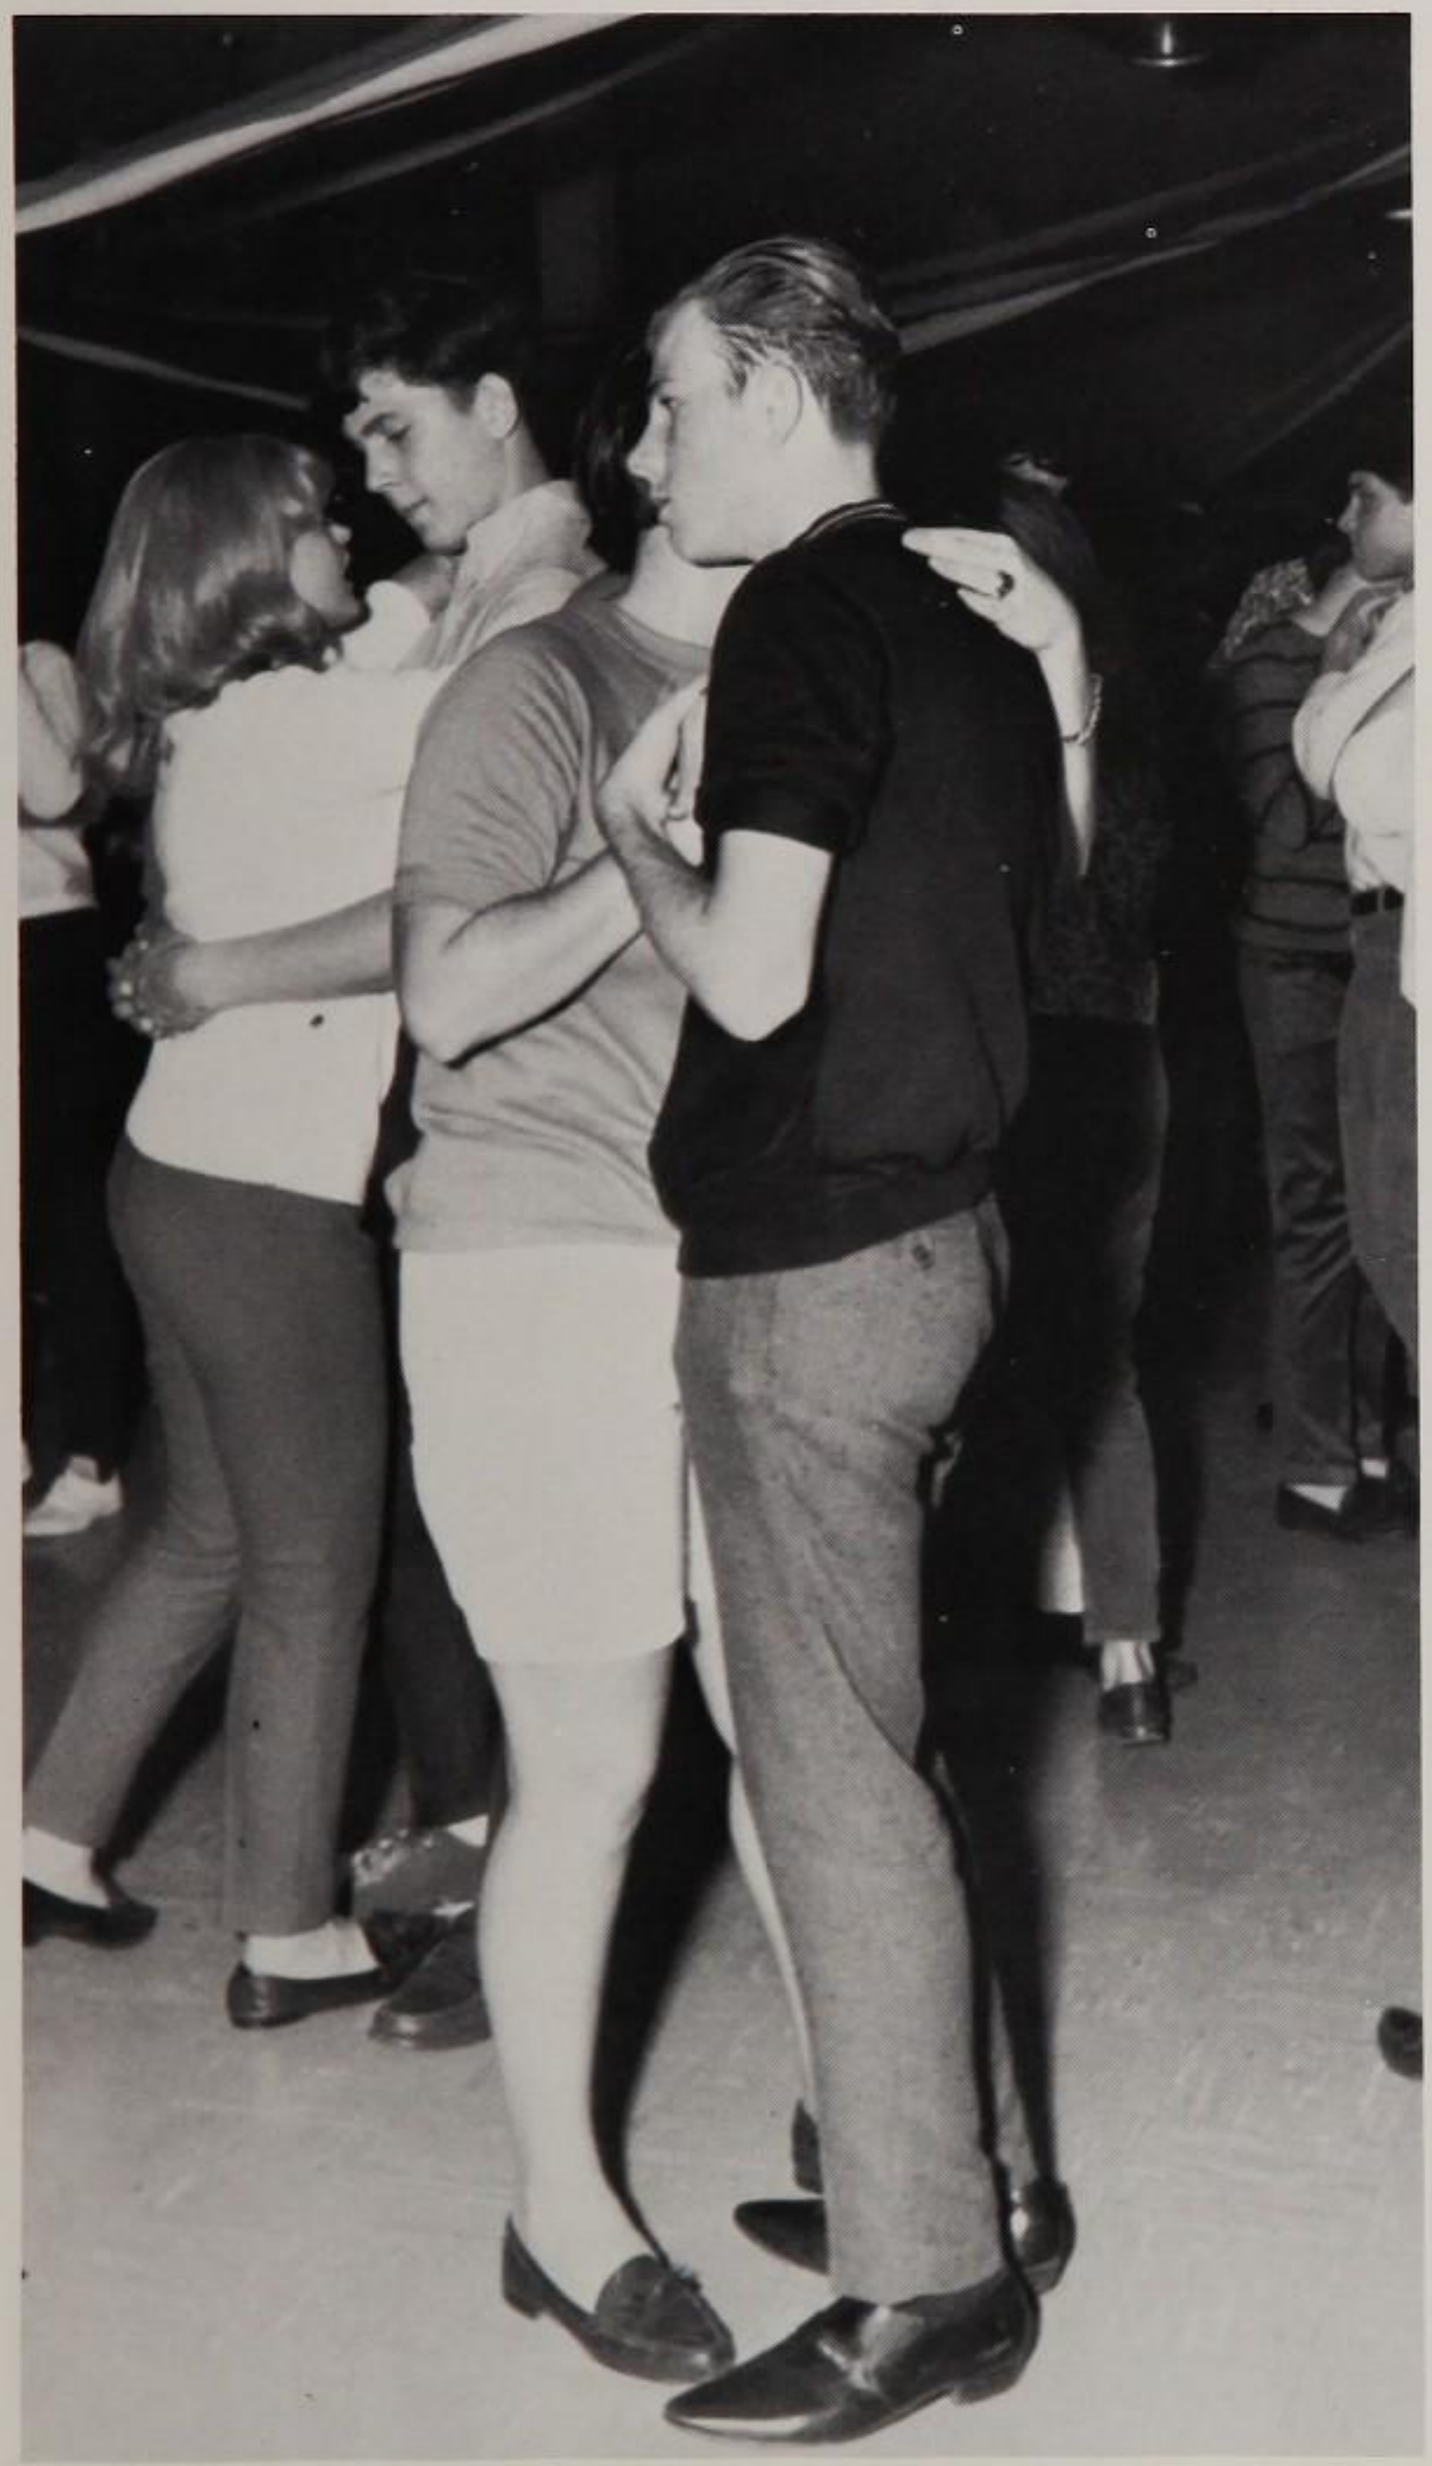
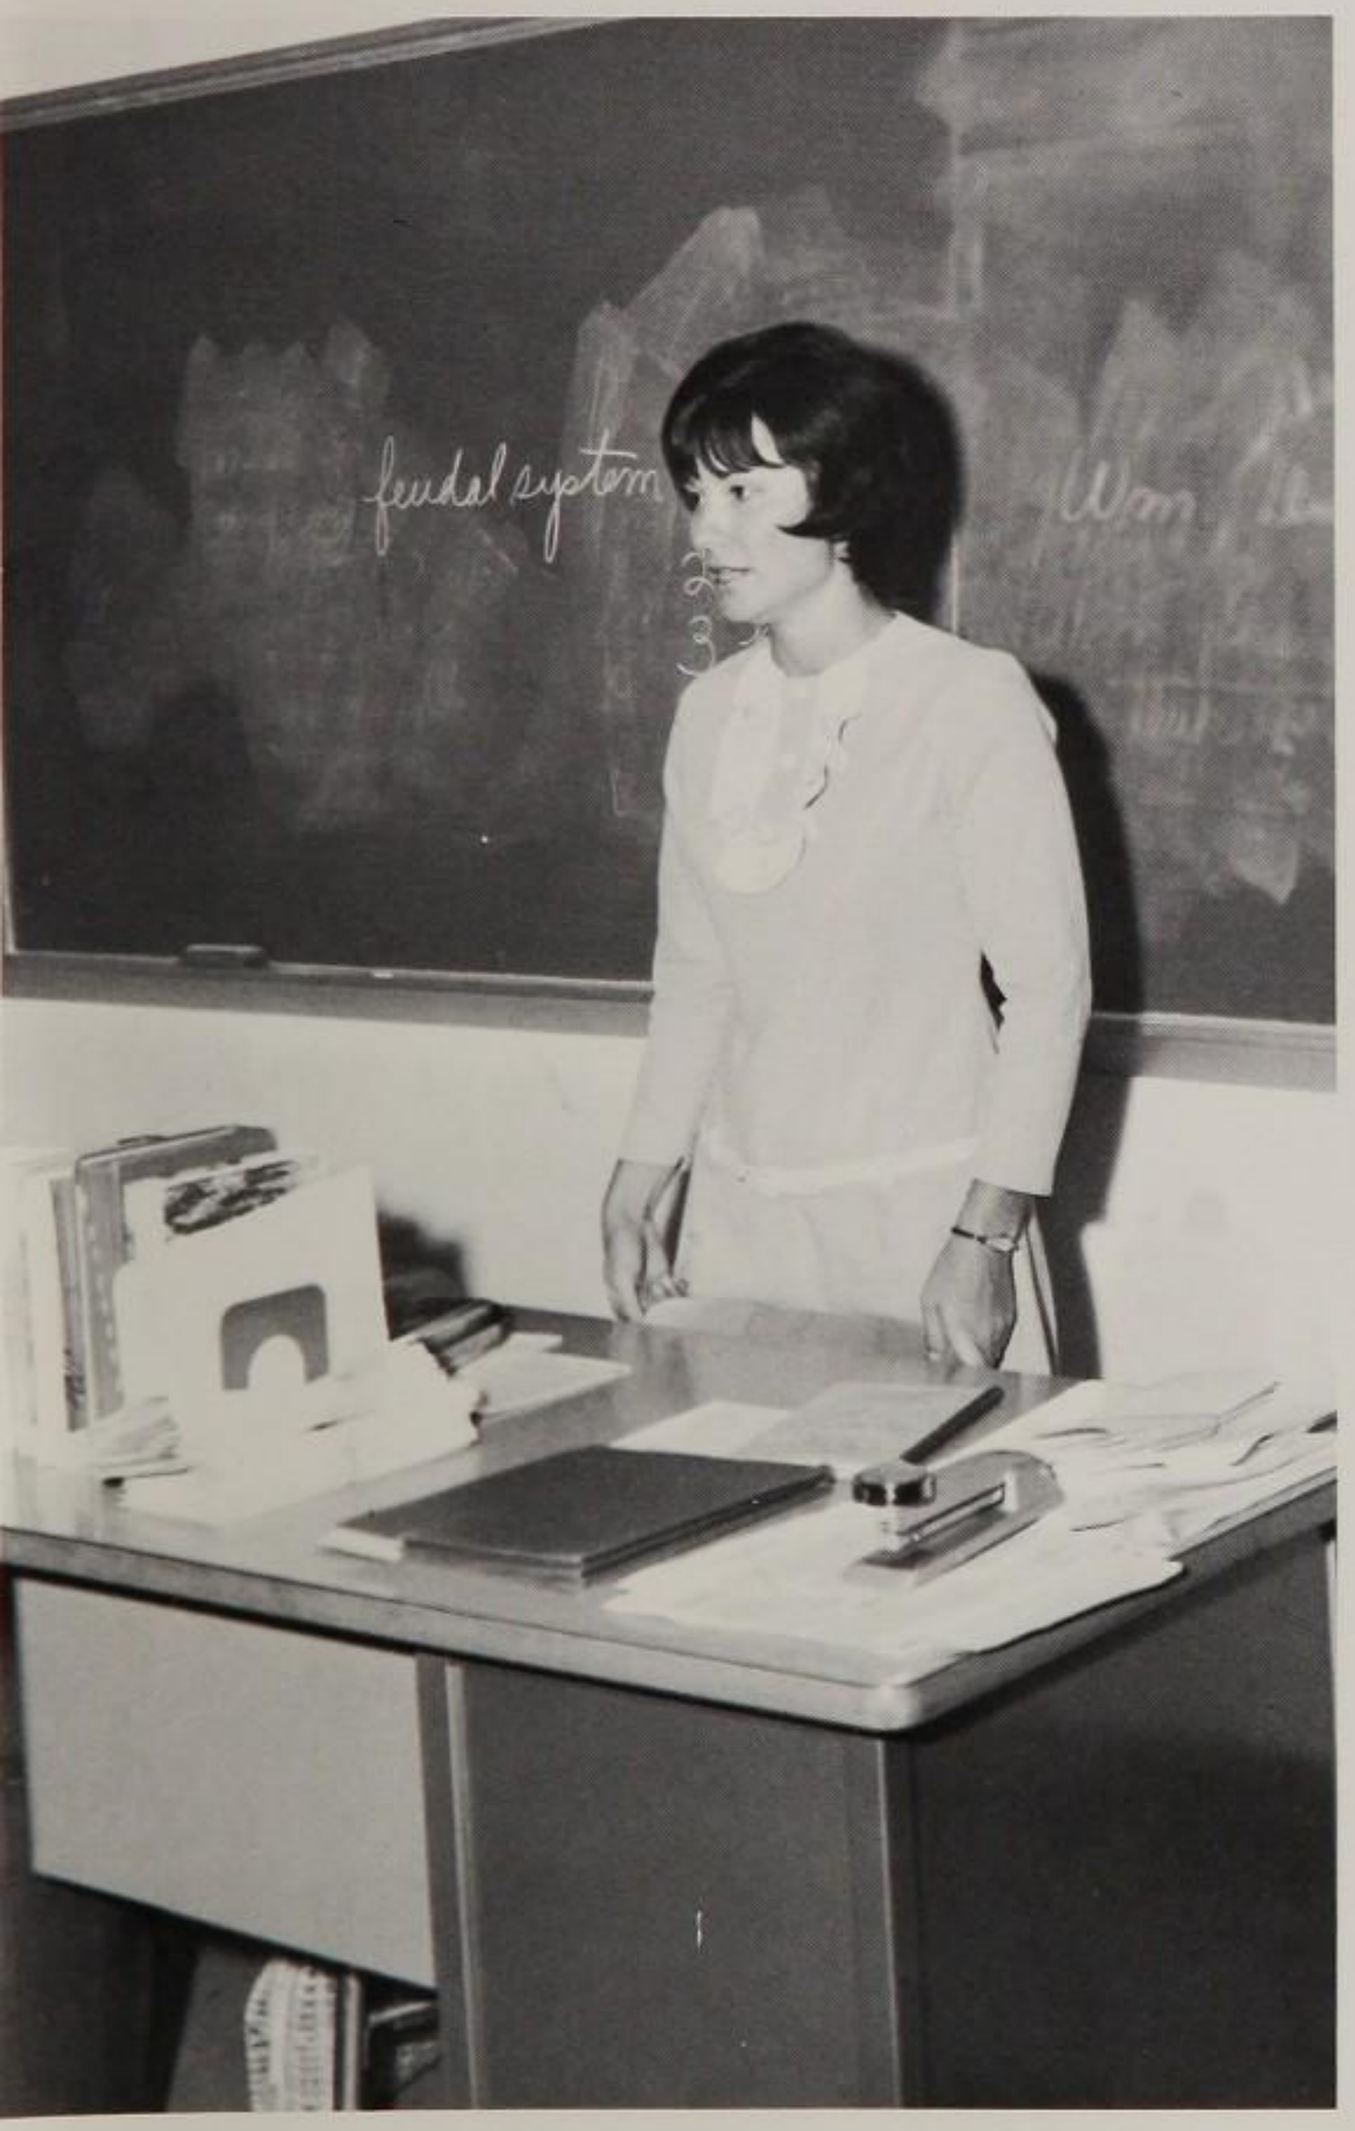
ADMIRAL

St. Louis has always been the scene of many day and evening entertainment spots for various age groups, ranging from Gaslight Square to the Steamer Admiral. At Ritenour the dance themes are from a casual Howdy Dance to a formal Prom as the school sponsors something for the entire student body.



The community is a system which needs people of many different skills in order to function. St. Louis realizes the training required for these positions and has instituted several Universities and Junior Colleges for individual need. Ritenour prepares the student by providing the classes and guidance related to his future career.



Washington University

Ritenour lies amidst this vast expanse, becoming a small, but vital reflection of the community in which the student will live.

FACULTY '68

Ritenour's faculty no longer functions only as a teaching staff. Rather, they spend many hours involved directly with the students through clubs, social activities and sporting events, in addition to preparing lessons and grading papers. Ritenour's teacher's prefer to meet the student on his level, personally and informally.

Without student's there would be no school, but without teachers there would be no students.

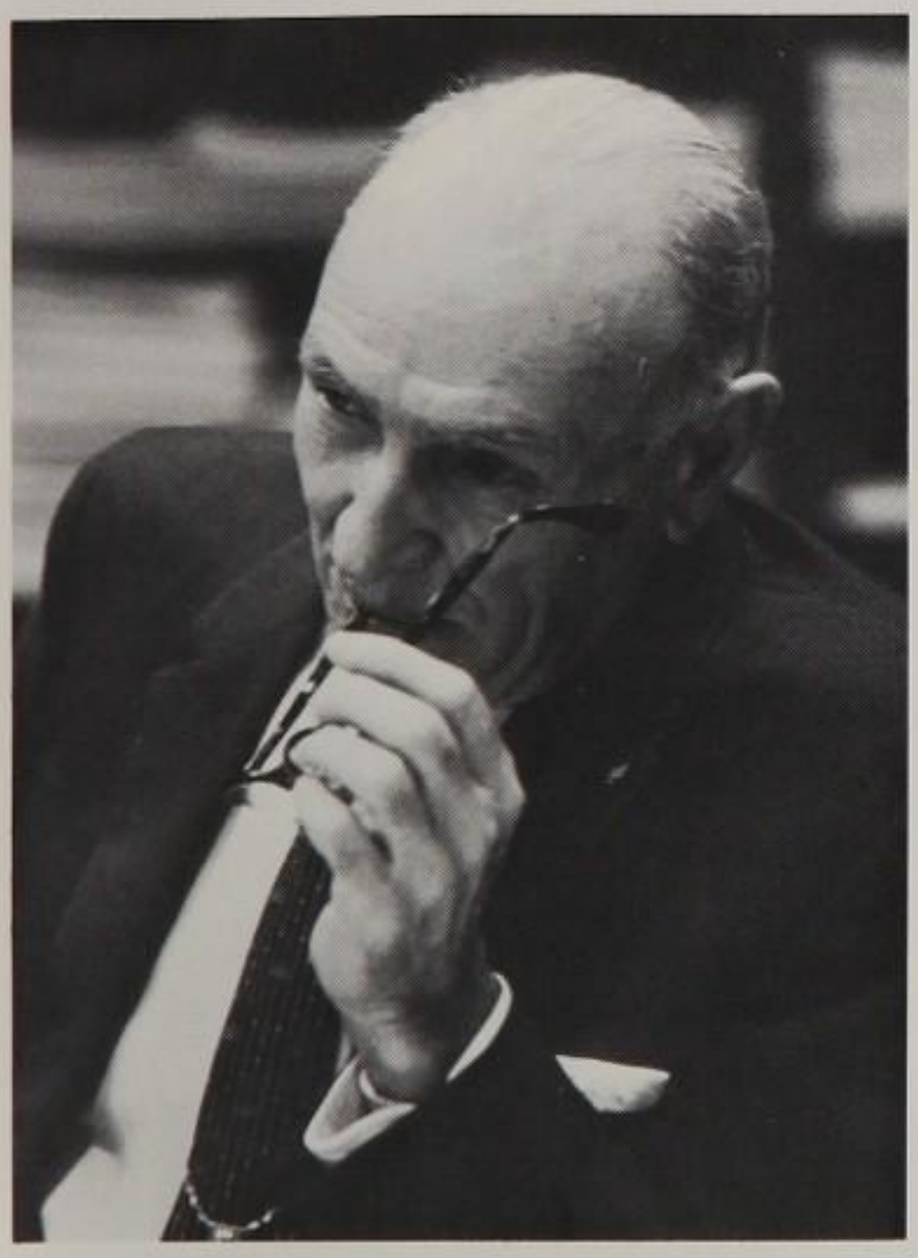
Decisions must be made by the Director and the Superintendent.

Board of Education

Mr. Bernard presides at the meetings.

Discussions linger on, past the time of adjournment.



The issues presented before the Board are serious matters.

The Board makes decisions concerning the entire school district.

Administration '68

It is through these men that Ritenour functions as a single unit; each is responsible for his particular area and must maintain harmony with the others. Mr. Trautwein, as principal, is familiar with every aspect of the school's activities, and his work increases as Ritenour's population continues to grow.

These men devote many additional hours to the school than are required, because they know that the purpose of the school is to serve the student; and they never forget this.

Despite his happy expression, Mr. Trautwein prefers to spend little time at his desk.

Guidance '68

A guidance Counselor has the nearly impossible task of being a personal friend of each student. As Ritenour's population approaches the 3000 mark, it becomes even more difficult to see everyone.

Cheerful, understanding, and quick with a smile, Ritenour's counselors are direct links between the students and their school.

CLASS OF

1970

A sophomore comes to Ritenour often lost and confused but ready to learn—ready to join in all school activities; becoming a part of the fun while preparing for future positions of leadership.

Each sophomore is given a chance to find a special interest by sampling many fields, and setting personal goals. the climb, like the building of the Gateway Arch, is slow and steep. the base has been laid, but construction has "just begun."

Sue Sevier, President

Sandy Leen, Vice-President

SOPHOMORES

The Sophomore class spend many hours becoming acquainted with Ritenour and thinking about future projects. While joining in the activities of other classes, the Sophomores have planned a Powder Puff Basketball game. Later in the year they will begin to save for the highlight of their Junior year, the Prom, by serving as the clean-up committee for this year's Prom.

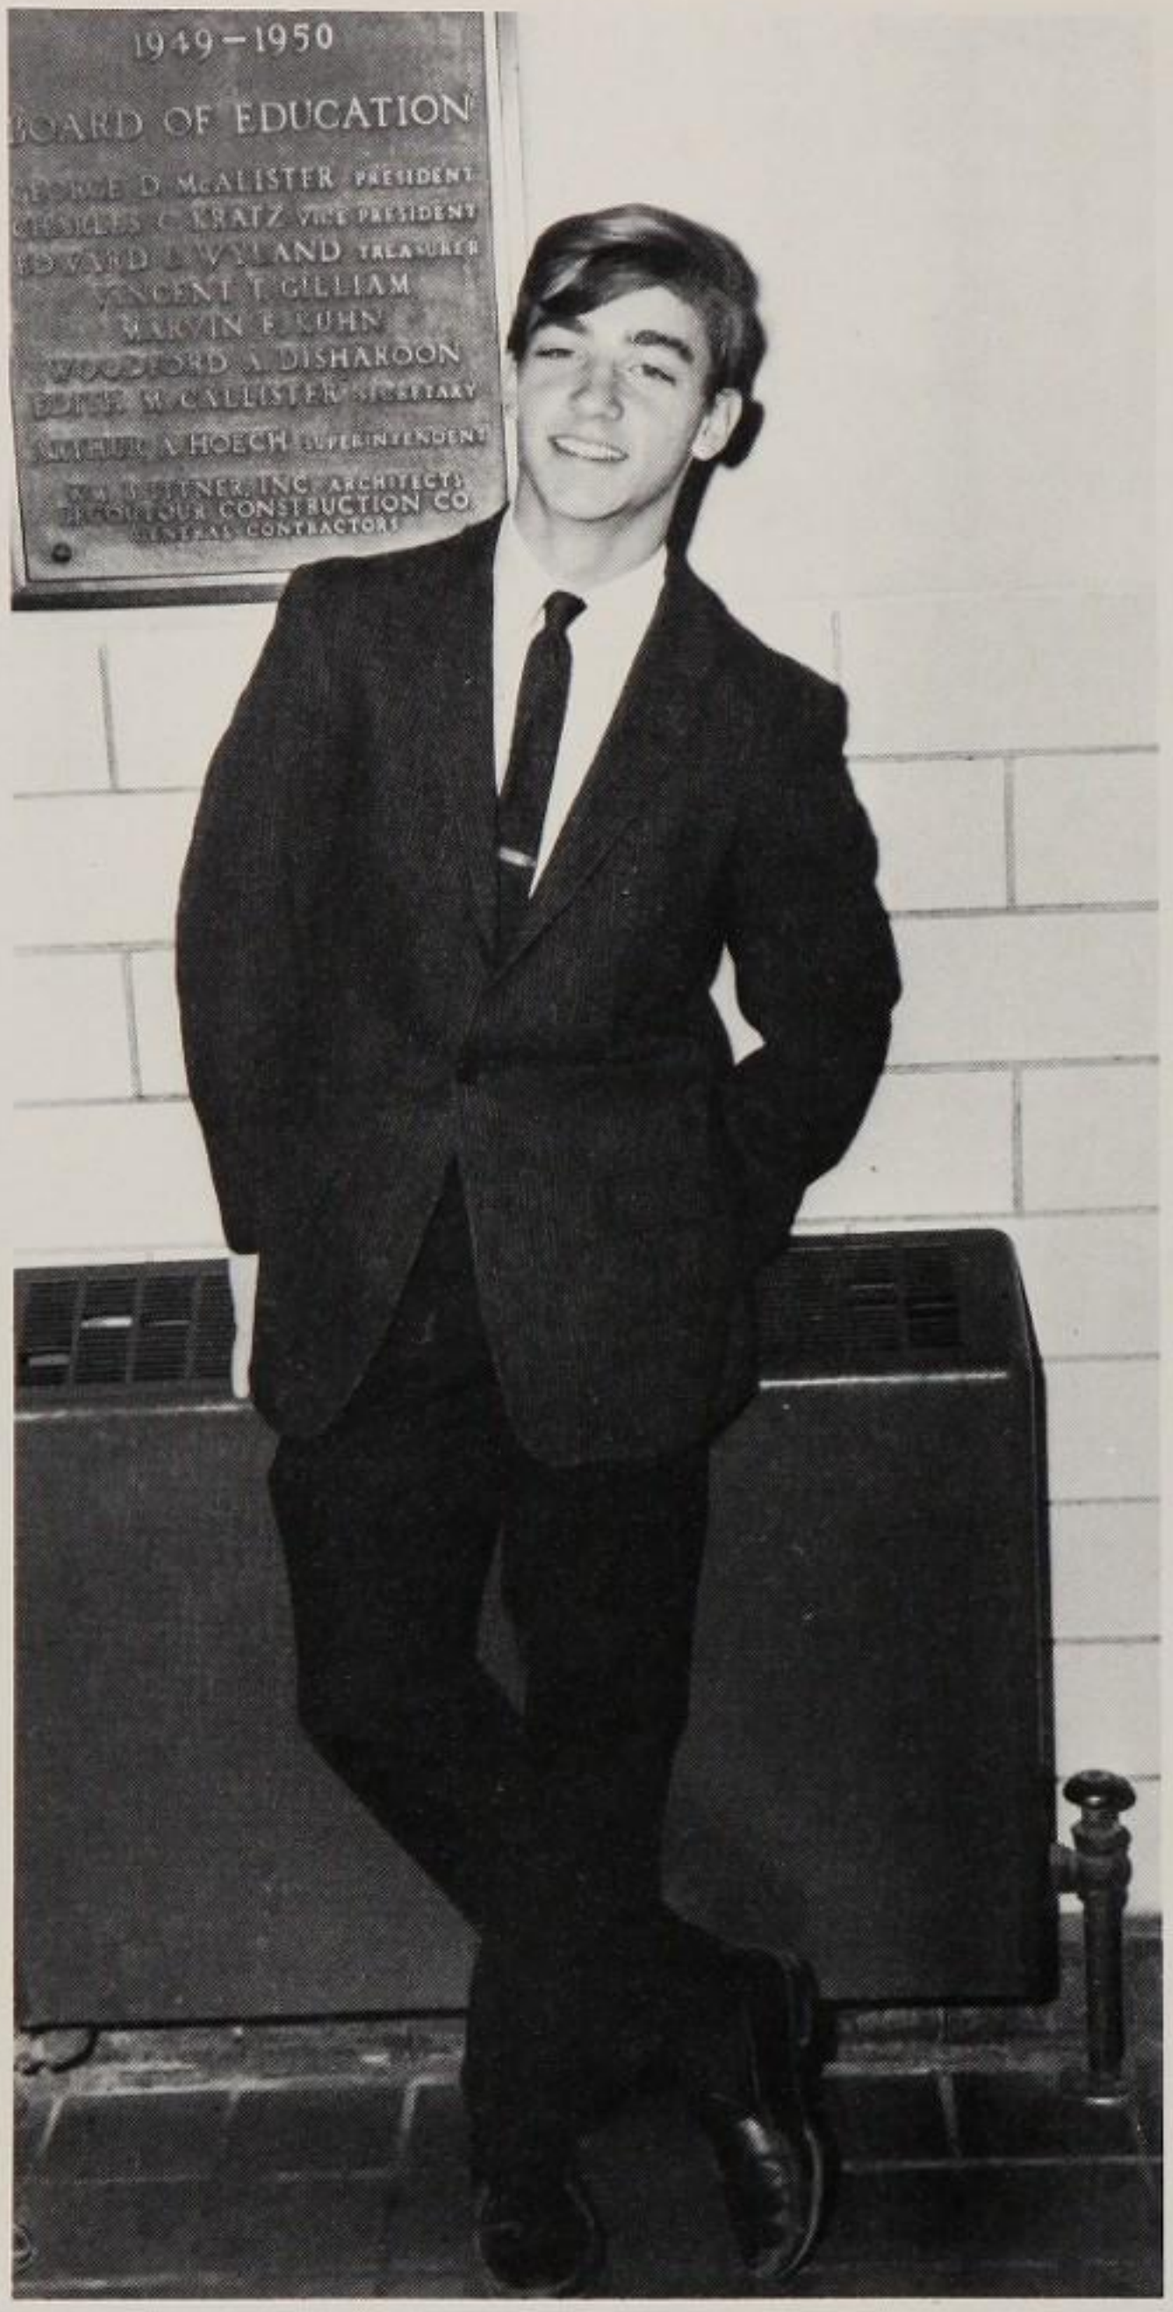
CLASS OF

1969

The Juniors have an advantage over the other classes—even if one year has been misused, there is still time to plan, to become a part of the curriculum which centers around and enriches the purpose of a school-education. Civic improvements and milestones, like our Arch, resemble Junior class projects—unusual, new, and exciting. The members are eager to learn and to put their ideas to work.

The framework of the class has been laid, and the construction to that one final goal is nearing completion.



Ron Wall, President

Sue Grawunder, Vice-President

JUNIORS

The Junior class directs their many activities toward the Prom, picking and choosing fund-raising projects like the Psycholelic Light Show and the Paper Drive, and carry out each detail of the big event. When such matters are finished, the Juniors wait anxiously for the selection of their Senior rings, and the moment when they will proudly wear them.

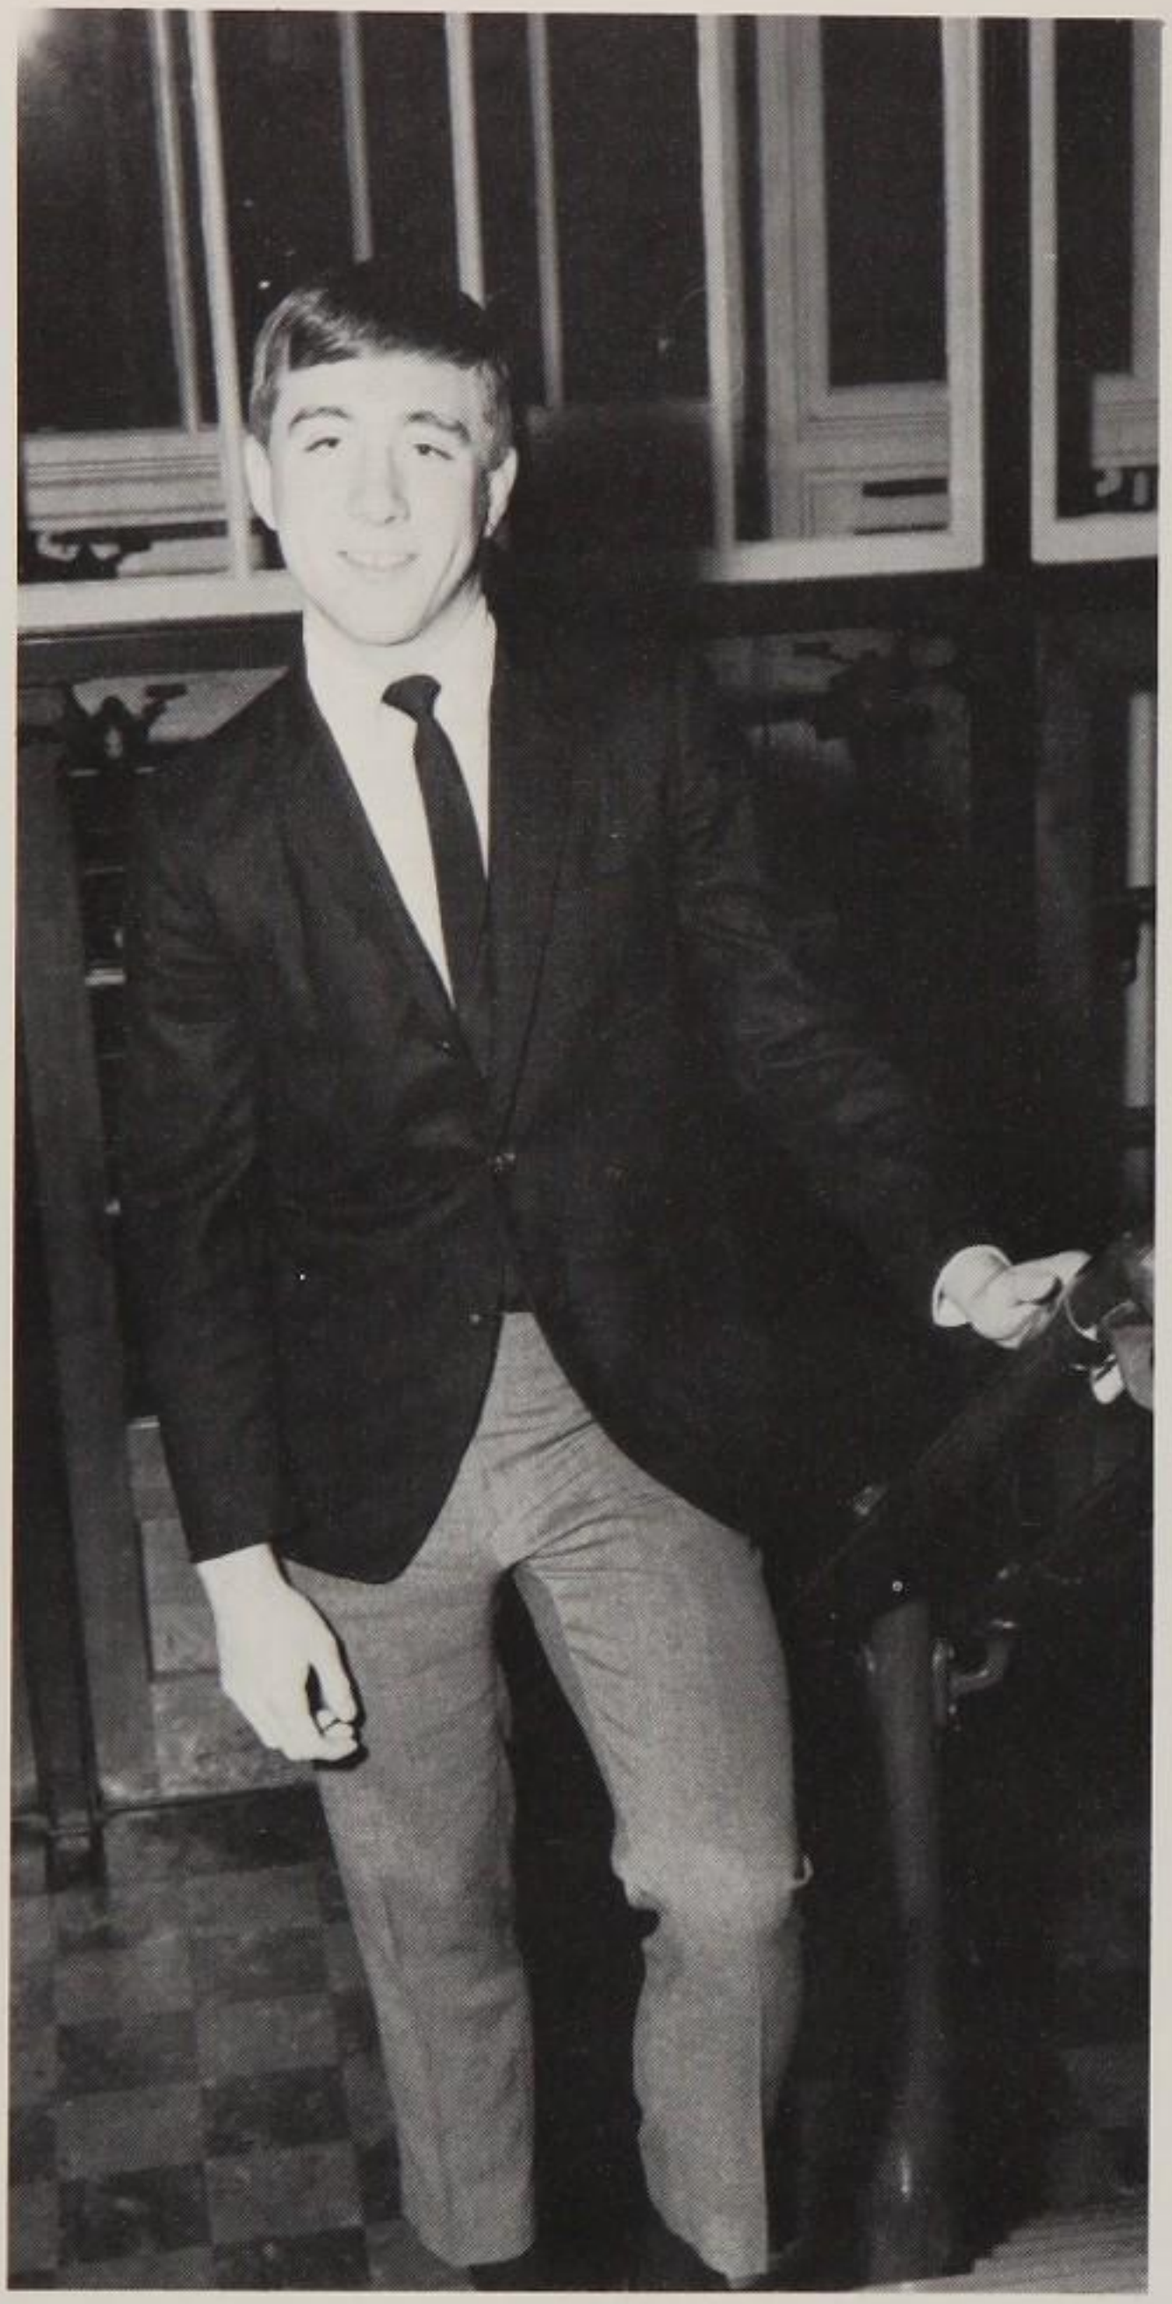
CLASS OF

1968

Senior projects, individual or classwide, resemble civic improvements. One goal—graduation—has been reached. Like the Gateway Arch, it is a monument in life; the diploma, like the steel, a symbol of four years of planning, dreaming, and studying. The Senior has a double role—he must lead the school now, and prepare for the future. No matter what his future plans are, his life as a responsible citizen has just begun. Now the community, not the school, influences his life.

The structure is complete. Now there remains only the continuous betterment, the constant improvement, signifying a Ritenour graduate.



Denny Beckley, President

Renee Weisz, Vice-President

SENIORS

Since this will be their last year at Ritenour, the Seniors want to take with them as many memories as possible by creating a wide variety of activities. Three new projects —a Hootenany, the Seniors of the Week, and Christmas caroling—are in the offing, in addition to the Melaureus Dance, Senior Day, the Senior Poll, and the Prom. And finally, while making plans for future careers, the Seniors look forward to that big day, Graduation.

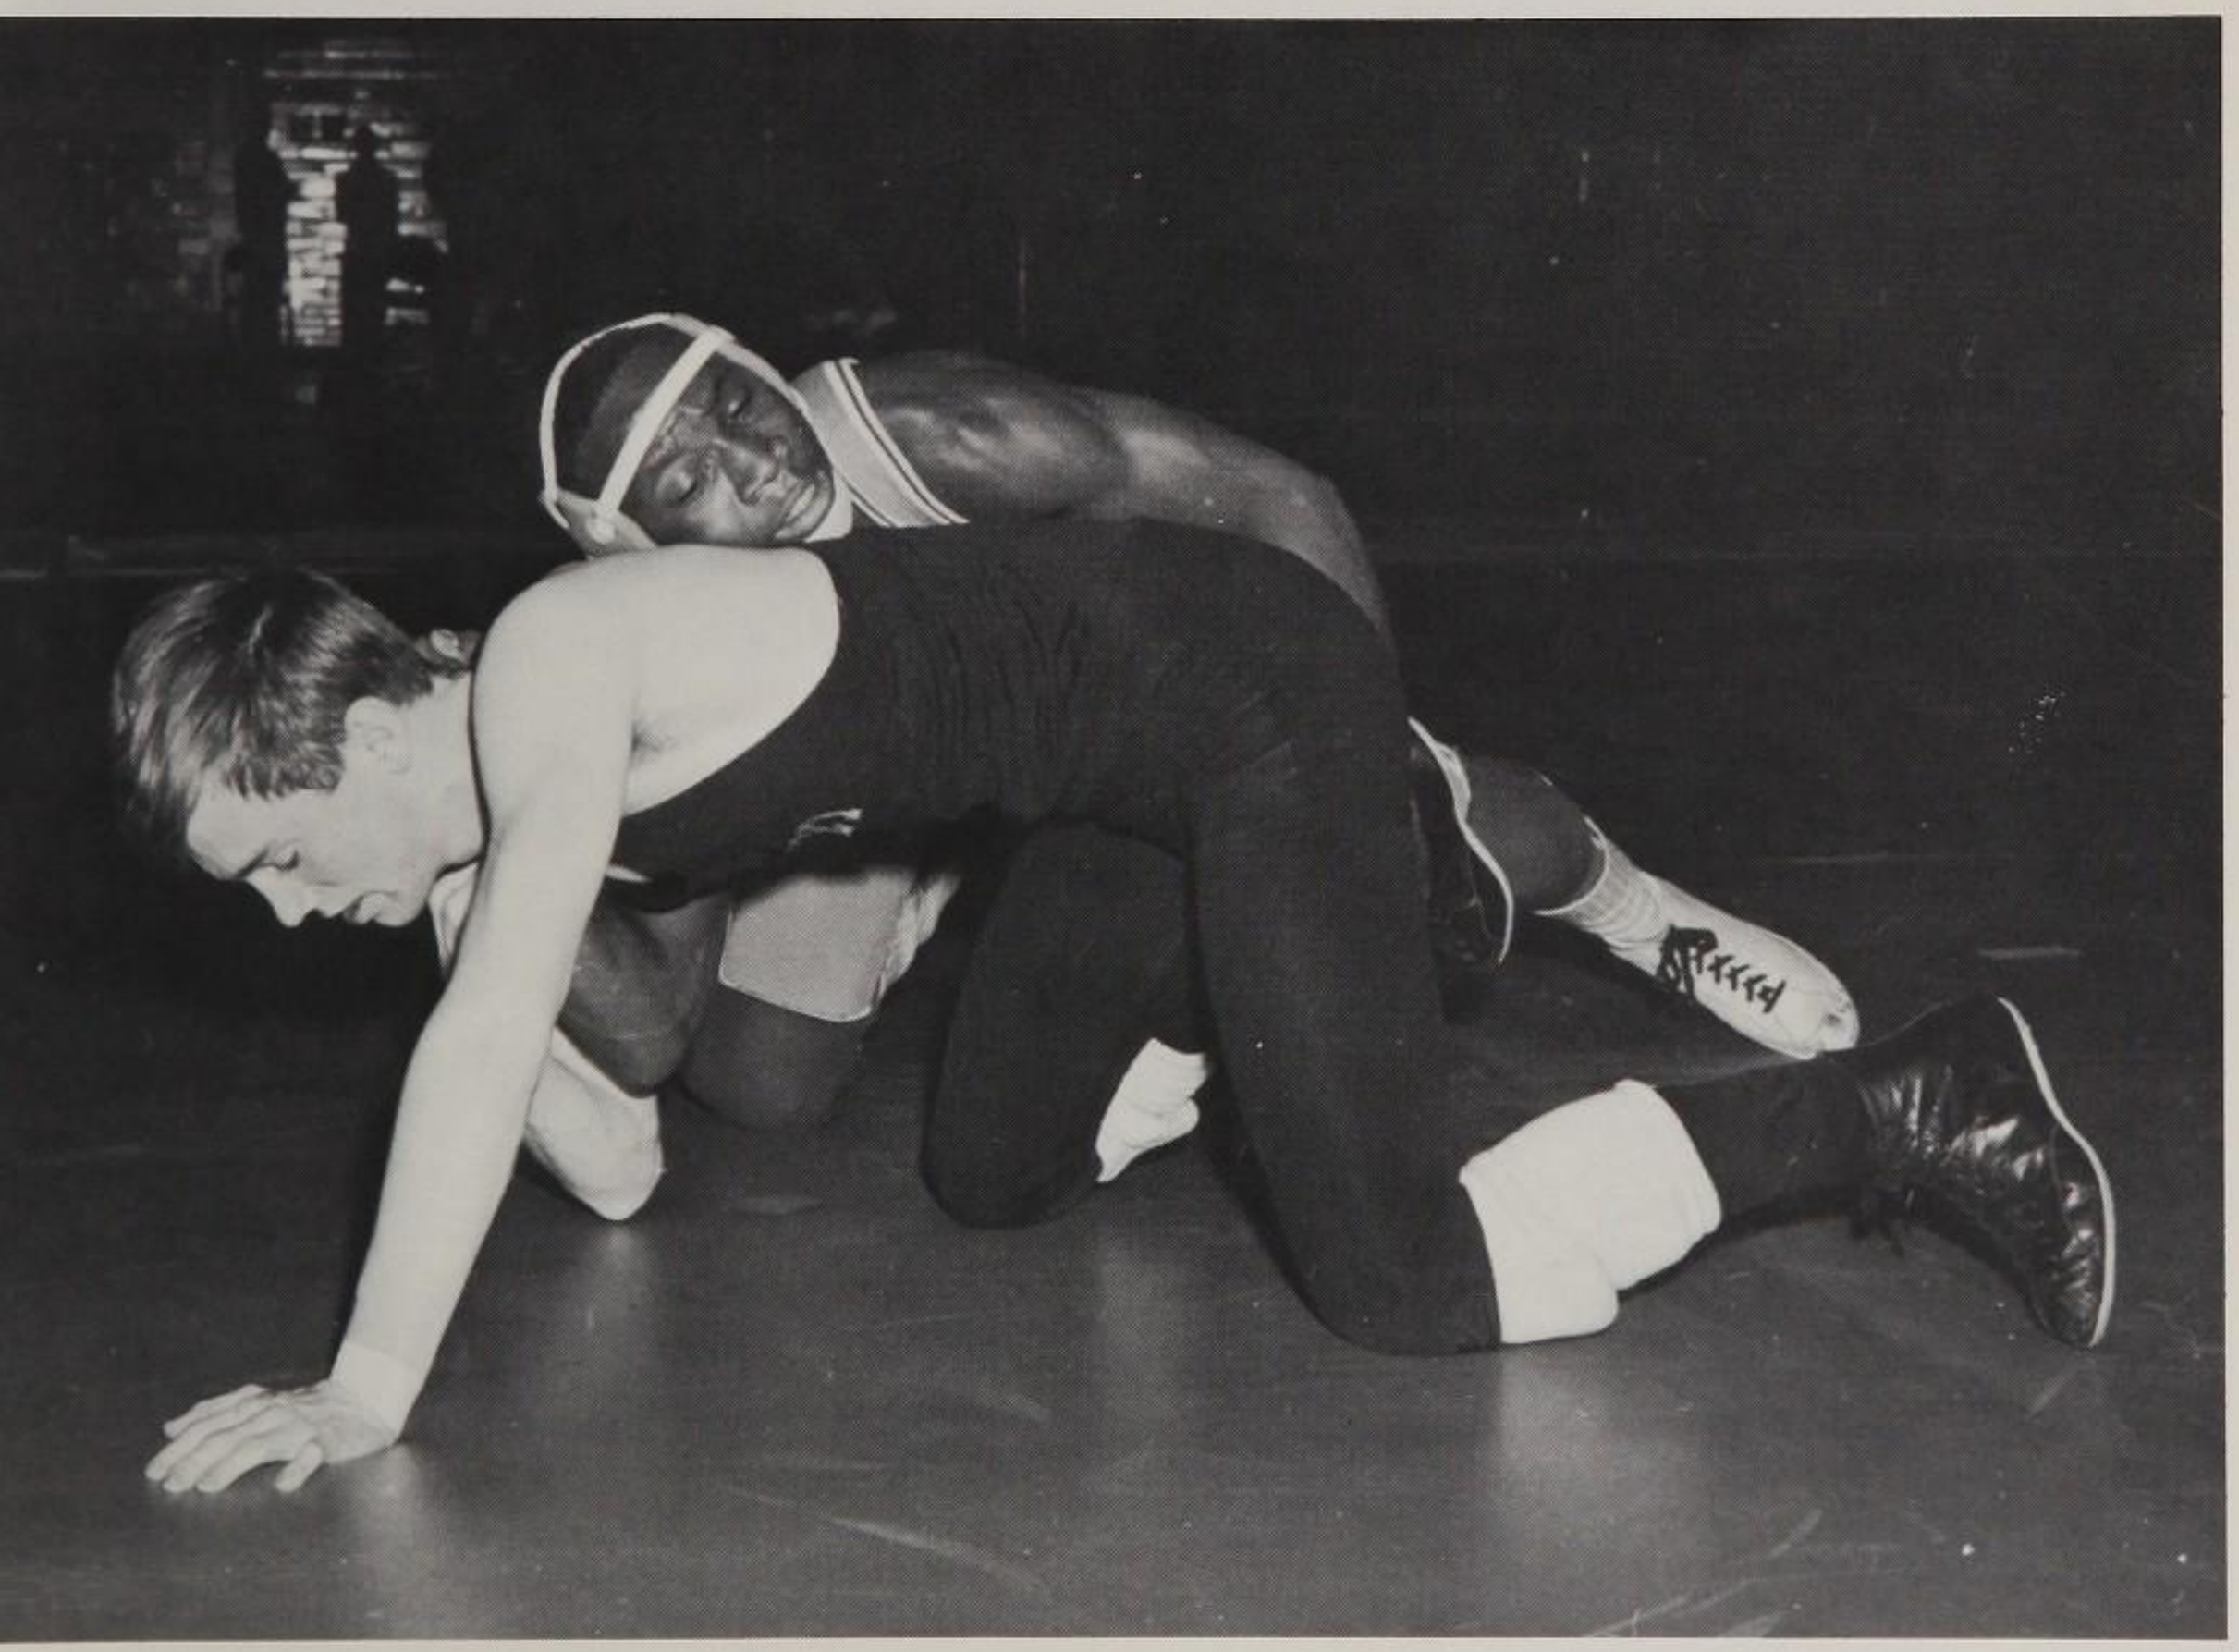
SPORTS '68

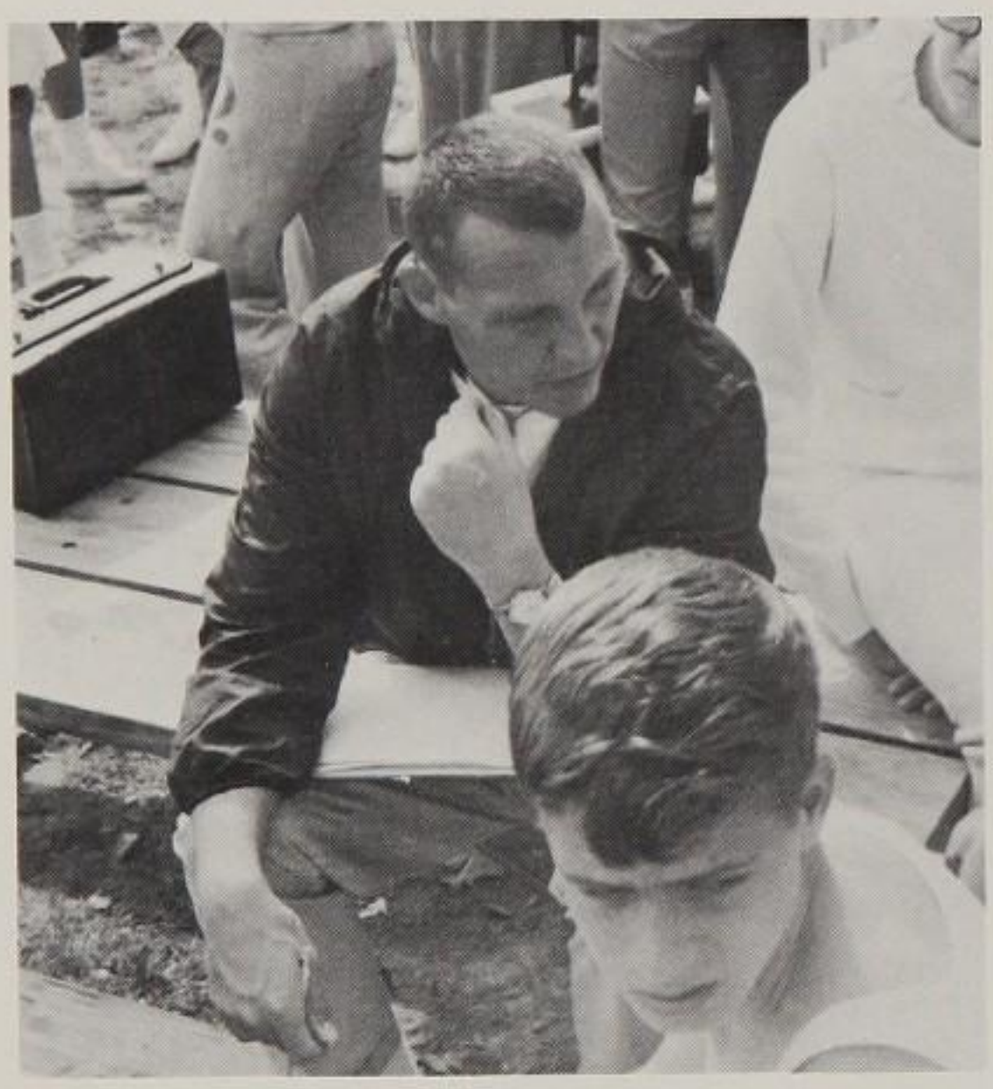
Victory brings honor to Ritenour, and pride to the athletes and fans. Every winning basket, touchdown, pin or goal says that Ritenour is the best. But a well-played athletic event means much more than this. Fun and entertainment are enjoyed by all. Team membersearn to cooperate, to compete, and to strive for their goal. The fans learn to be "good sports," and to support the school they are a part of.

When a Ritenourite graduates he will continue to attend athletic events. But the things he acquires during Ritenour sporting events will be useful to him at the same time in his active community role.



Loneliness is a sign of defeat.

Warm-up takes place before the meet.



Tension mounts before the race.

Checking last minute details takes a while.

Team members stroll around before the meet begins.

Ready . . . Set . . . Go!

The swimming Huskies execute many difficult dives at their meets.

Every racer needs a good set of lungs.

"Wonder how the water is?"

A perfect dive . . .

and a smooth entry are all scored highly.

Swimmers '68

Stroking away, Ritenour's swimmers are giving it their "all" for victory. Competing with other schools for a place of honor, the Huskies have taken to the water to be judged on dives, strokes, and races. One of our largest teams, the swimmers enjoyed a fine season with a surge of support from the Ritenour fans.

Coach Tonioli often demonstrates the strokes for his team.

Swimming, ROW 1—D. Bradford, J. Schaffer, R. Johnson, R. Moore, M. Blackwell, C. Mossotti, M. Strub, J. McNamee, S. Cooke, R. Holman, K. Haelger, ROW 2—T. Kuntzman, G. Starks, G. Schutte, D. I wish he'd get off my back!

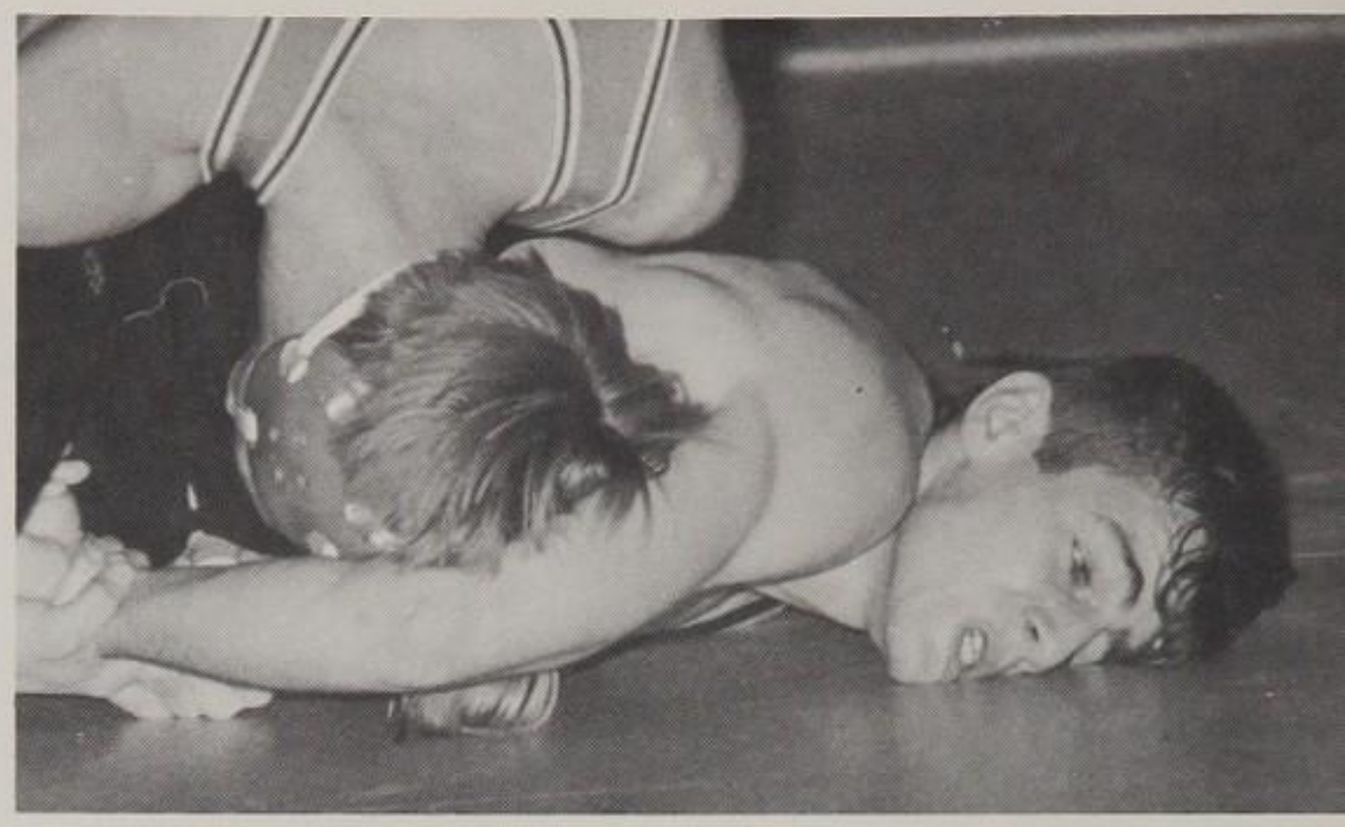
A Ritenour wrestler may be down, but he is never out.

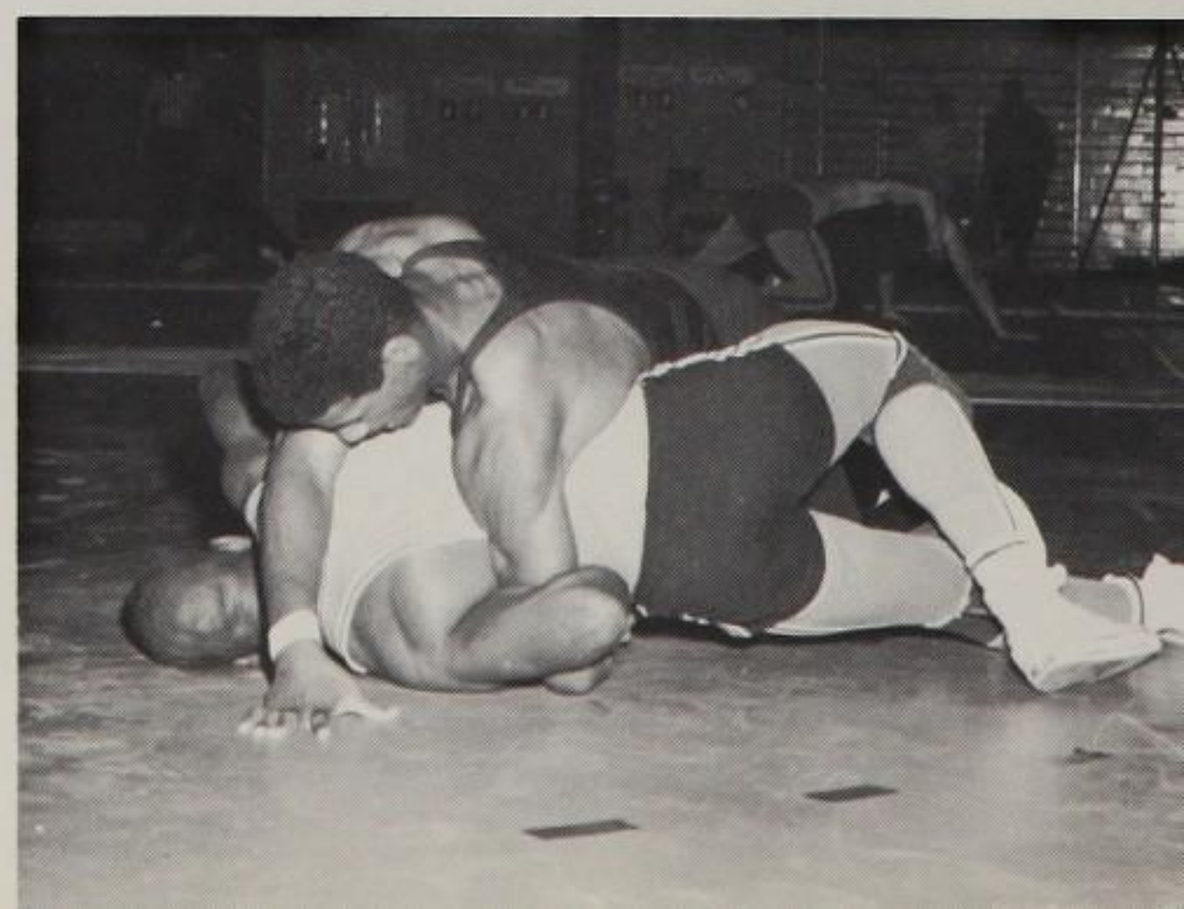


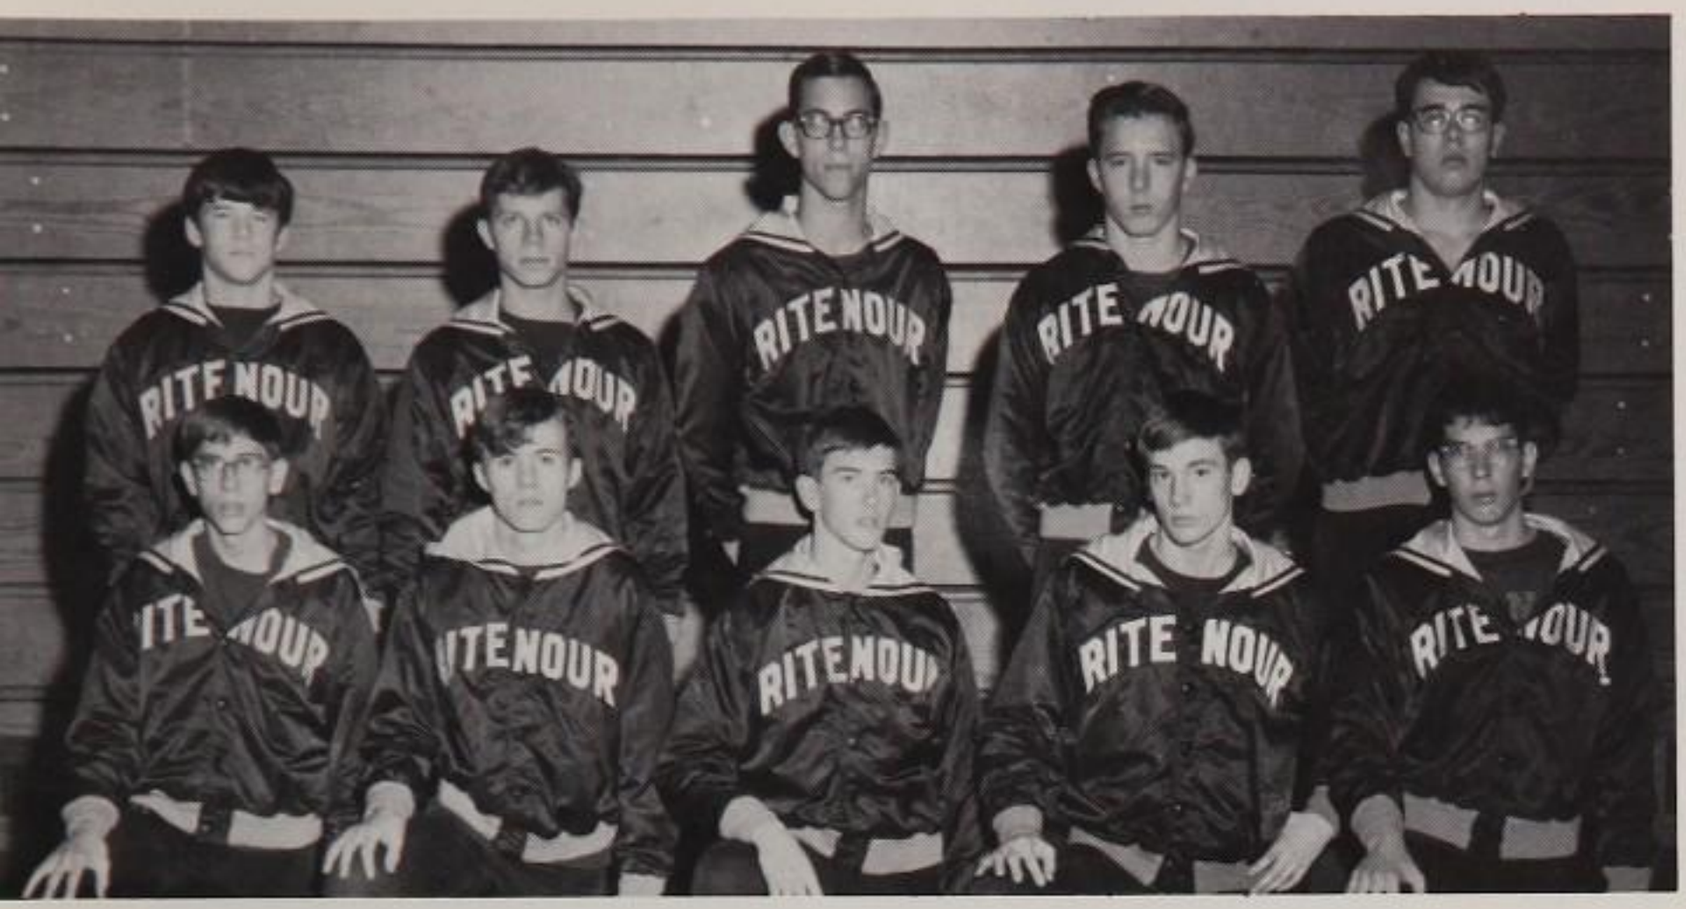
Sportsmanship is always the basis of each match.

Varsity Wrestlers: ROW 1—S. Trauth, J. Lodes, D. Rorex, D. Hayes, R. Smith, G. Davis, ROW 2—G. Barnett, F. Lingenfelter, S. Orr, J. Winer, G. Chaffin, F. Coe.

Fans and team respond to a loss with glum expressions.

Another Huskie Matman pin!





Wrestling '68

The Huskie Matmen have brought another fine season to Ritenour. Competing against some of the area's top-rated schools, the wrestlers have come through with a "pin" everytime, scoring both individually and as a team. Participating in many invitationals, as well as hosting their own, the wrestlers have continued a well-known Ritenour tradition Victory!

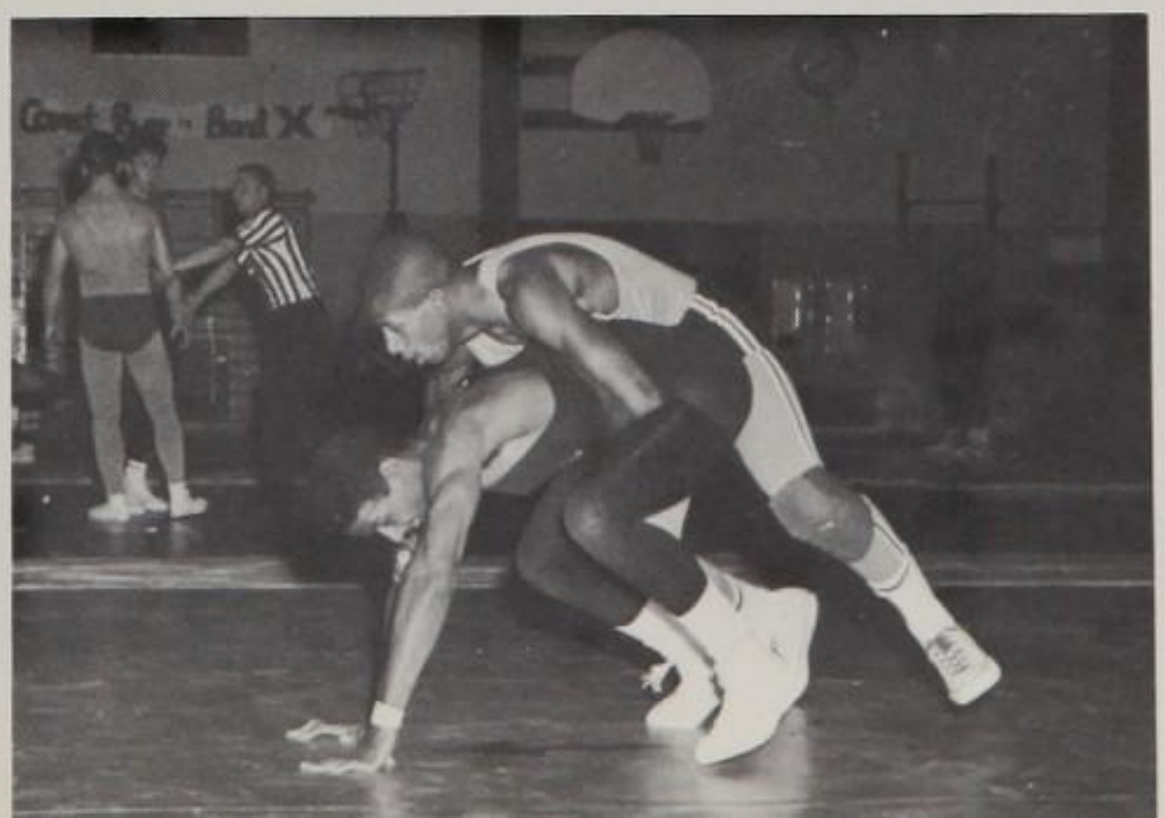
Junior Varsity Wrestlers: ROW 1—G. Genail, L. Klema, B. Browning, T. Licklider, F. Brandiff, ROW 2—J. Schuetz, E. Wamack, R. Wiesner, D. Smith, M. Rollins.

The Huskie Matmen are consistently first with a hold.

Wrestling Managers and Coaches: ROW 1—M. Garvey, J. Hart, D. Morrow, ROW 2—Coach Doney, R. Bodley, Coach McIntyre.

An occasional "heavenward" glance seems to help some people.

Ritenour wrestlers have "super fall resistance."



Sophomore Wrestlers: ROW 1—C. Thomas, J. Loy, D. Helm, S. Thomas, D. Long, B. Loyd, ROW 2—M. Carter, R. Staab, J. Lemmons, B. Fitzgerald, G. Togerson, S. Scheoedes.

Sophomore Wrestlers: ROW 1—S. Davis, G. Morrisey, J. Helm, J. Gurley, J. Bollinger, ROW 2—J. Douglas, M. Mosely, R. Jordan, B. Richter, S. Ivy.

What a strange place to take a nap!

While some wrestlers watch their team members, others prefer to stare at the camera.

"Just a few more feet and I'll have him down."

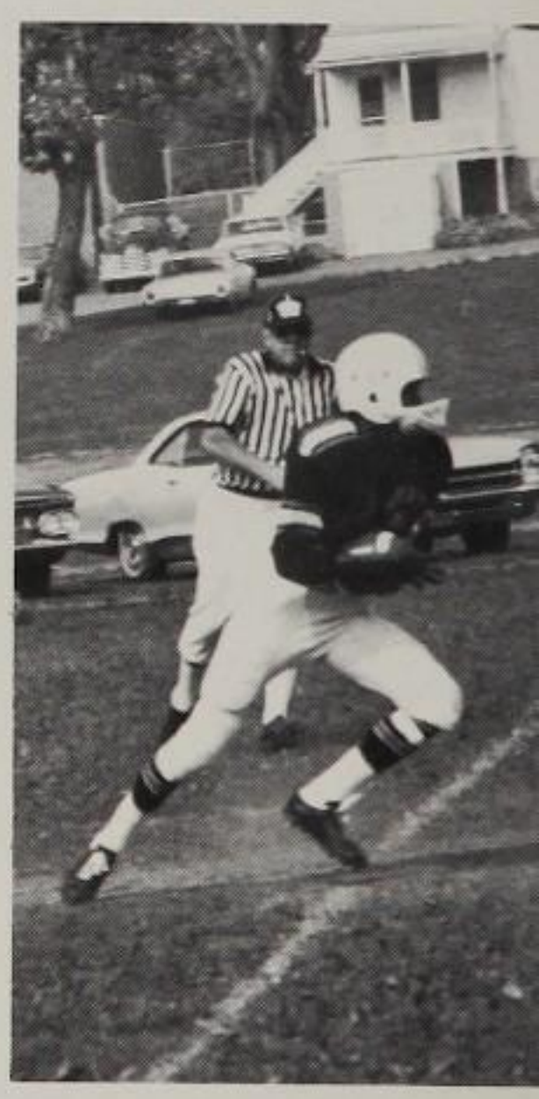
Ritenour's ability to "hold that line" makes opponents shudder.



Combining speed with agility, Leon Thorpe intercepts and begins his "down the field" dash.

Basketball '68

Again this year, as in the past, Basketball reigned as the most popular winter sport at Ritenour. The fans, showing more school spirit, enjoyed watching the rebounding, shooting, and general playing of the team, as competition became keener and the team improved. Cheerleaders '68

This year twelve girls served the school as cheerleaders. All twelve cheered during the football season. They all also appeared at a Cardinal football game. Their main duty is to arouse school spirit and pride among the students for sporting events.

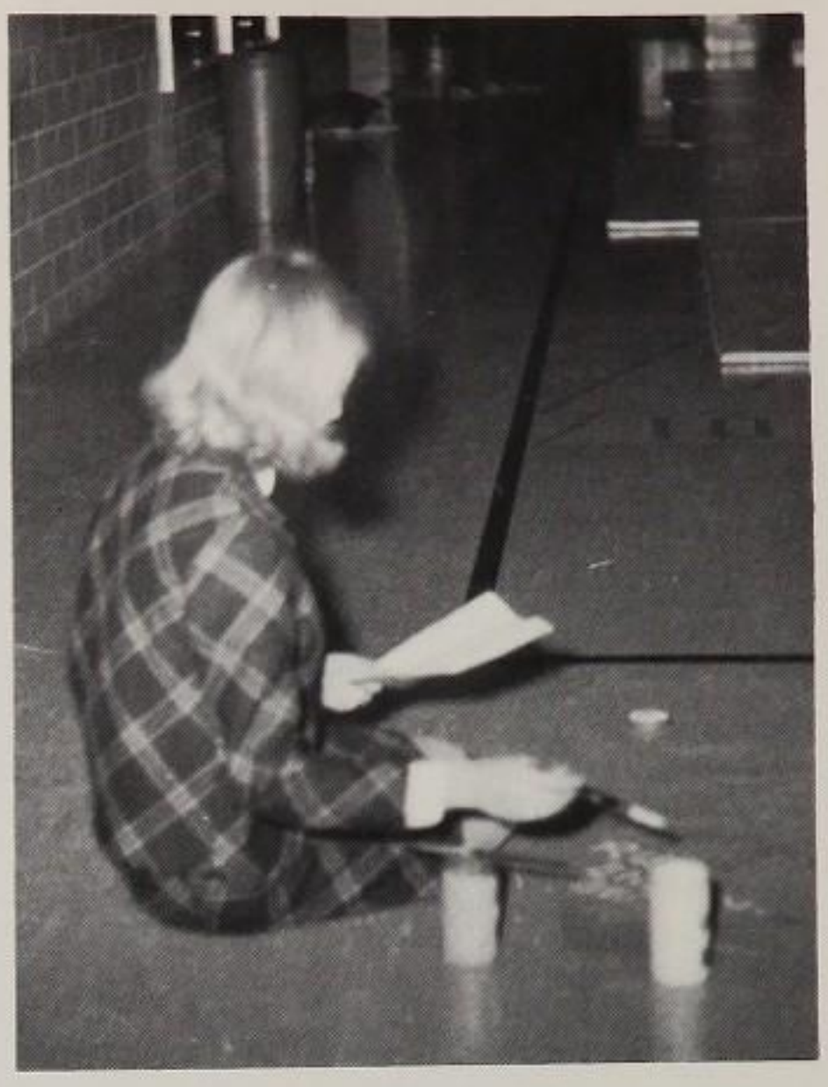
CLUBS '68

Every community needs various organizations to provide relaxation, interest, and a sense of accomplishment and pride for its citizens. St. Louis has many private and public clubs and groups; on a smaller scale, Ritenour has clubs and organizations for athletic interests, such as R.G.A.A., careers, like the Future Teachers, student government, demonstrated by Student Council, or fun, such as International Relations.

Each year new clubs are formed, and older ones grow as more students with widening interests fill Ritenour's halls.

"Ladies! May I have your attention please?"



How do you spell that?

How do you react to that hold?

Off to the paper hangers!

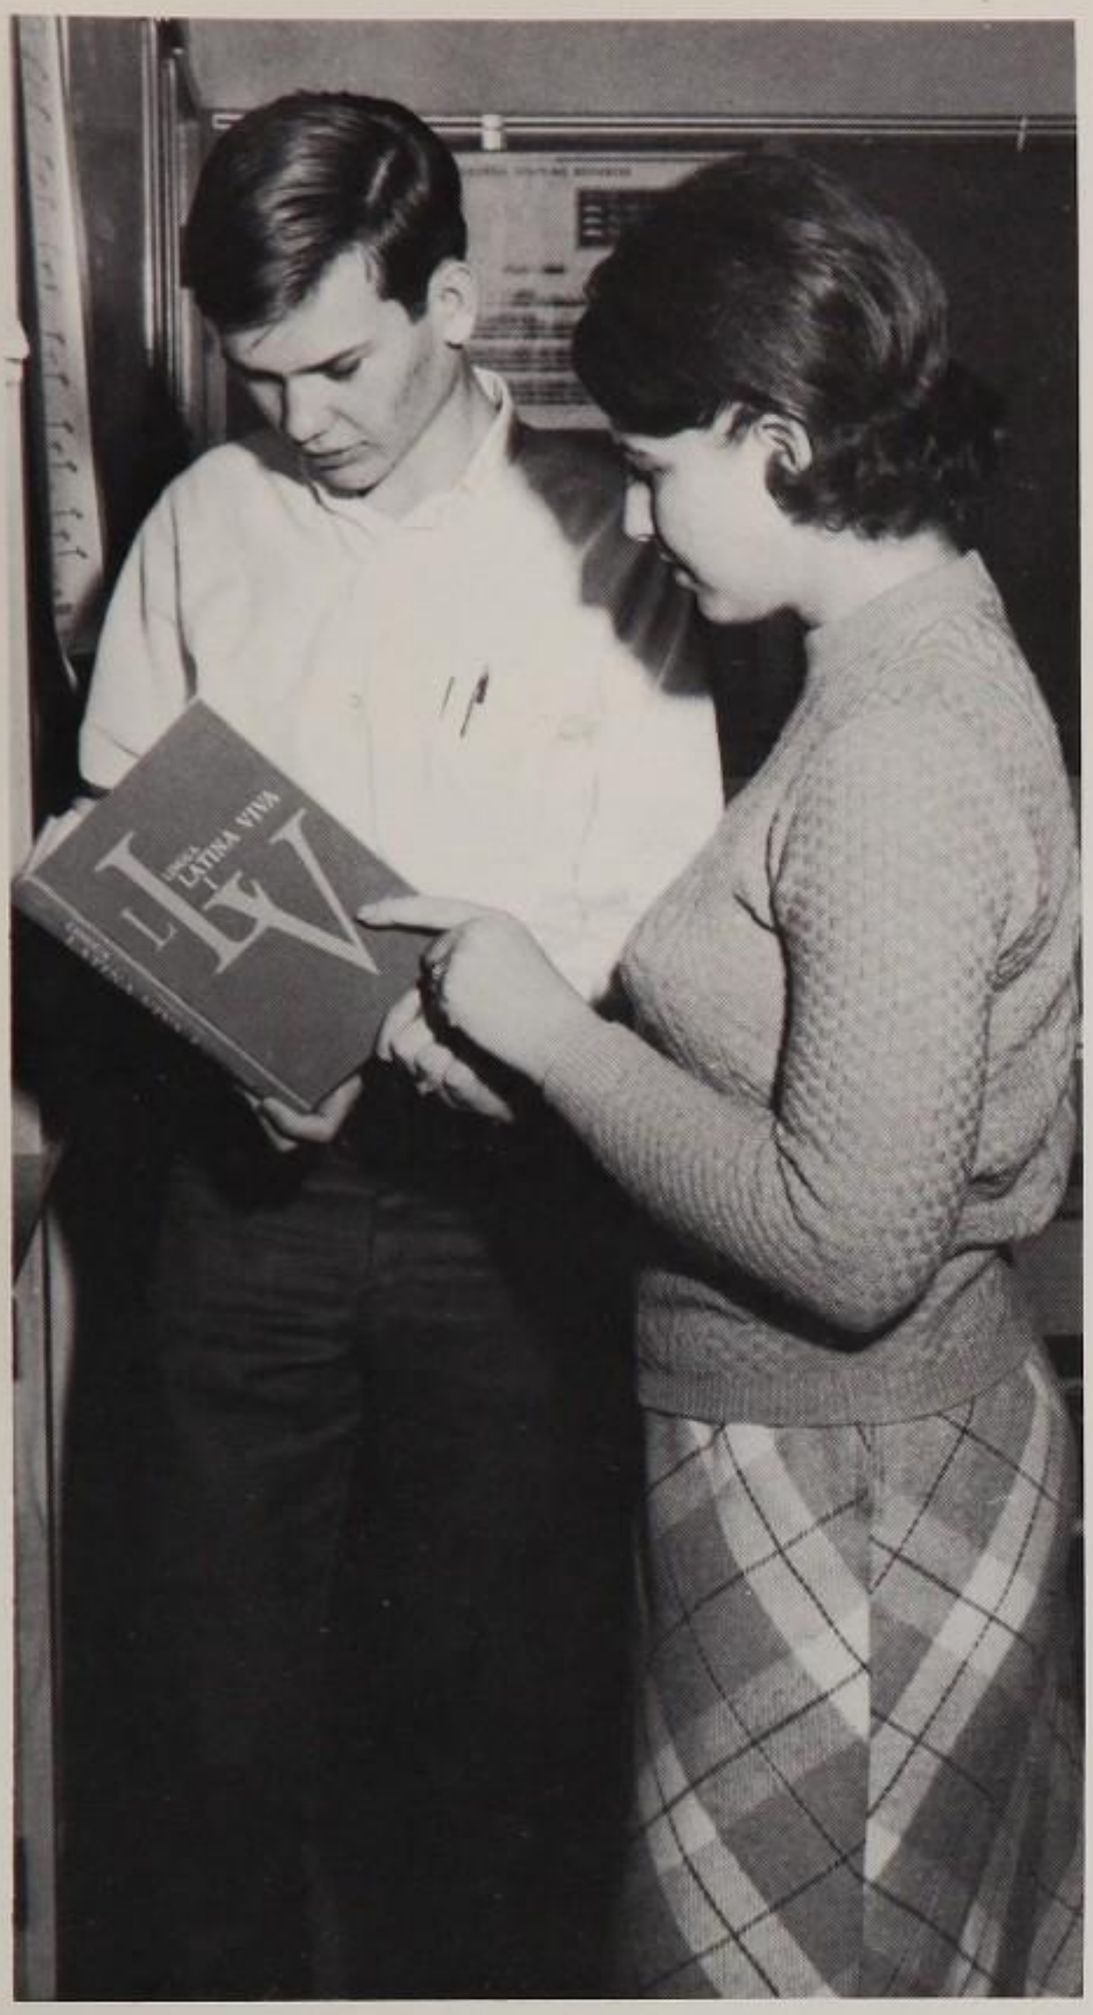
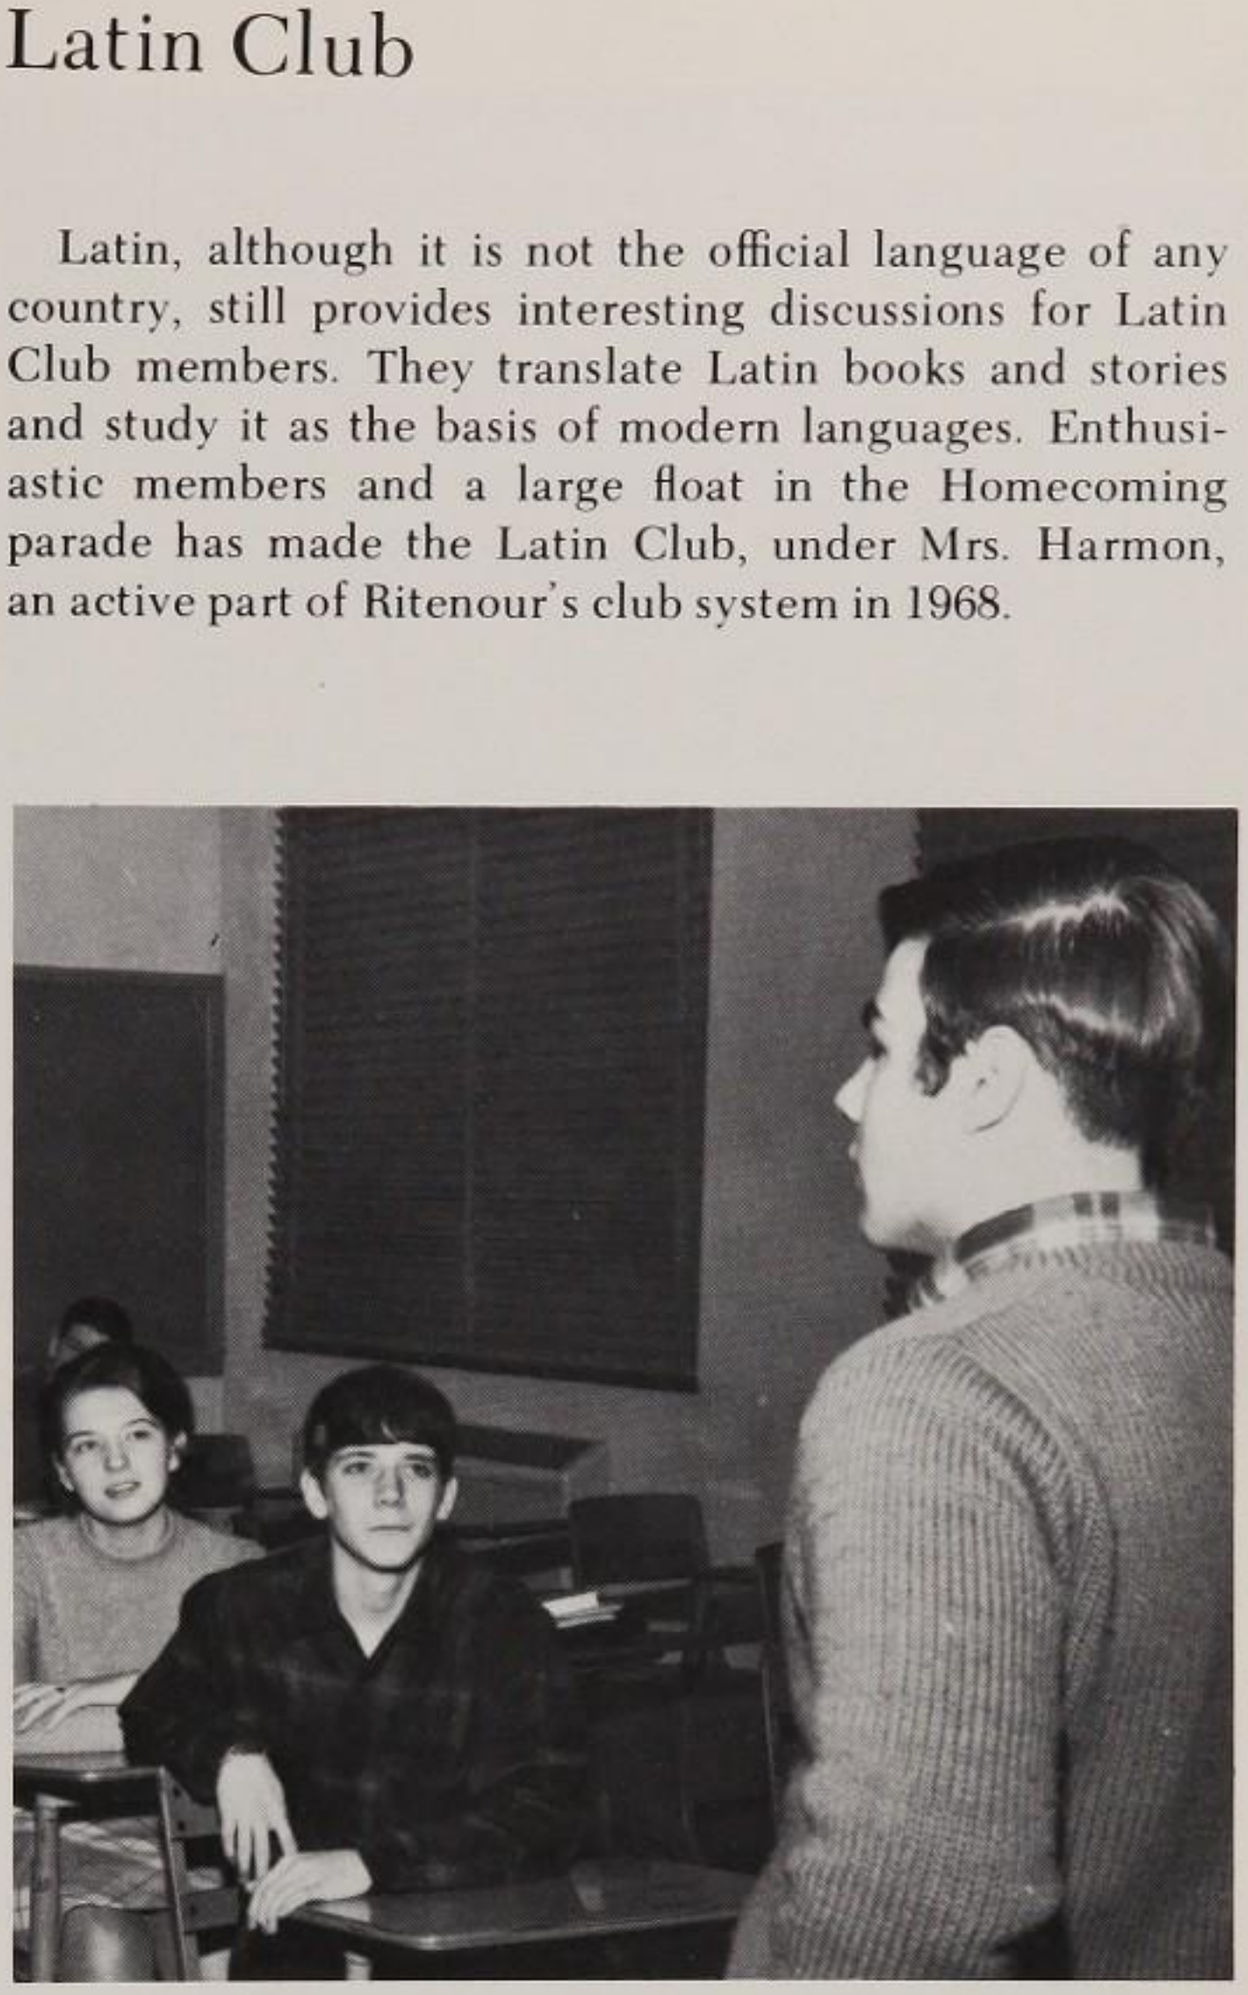
Latin Club

Latin, although it is not the official language of any country, still provides interesting discussions for Latin Club members. They translate Latin books and stories and study it as the basis of modern languages. Enthusiastic members and a large float in the Homecoming parade has made the Latin Club, under Mrs. Harmon, an active part of Ritenour's club system in 1968.



President Tom Dennert keeps the club members interested in his favorite topic, Latin.



Members learn about the Latin language and especially Latin literature and manuscripts.

This year they participated in a nationwide contest, with recognition given to the group contacting the most "hams" in a certain time span.

Operation of the radio and contact with other stations is made under the watchful eye of Mr. Jackson.

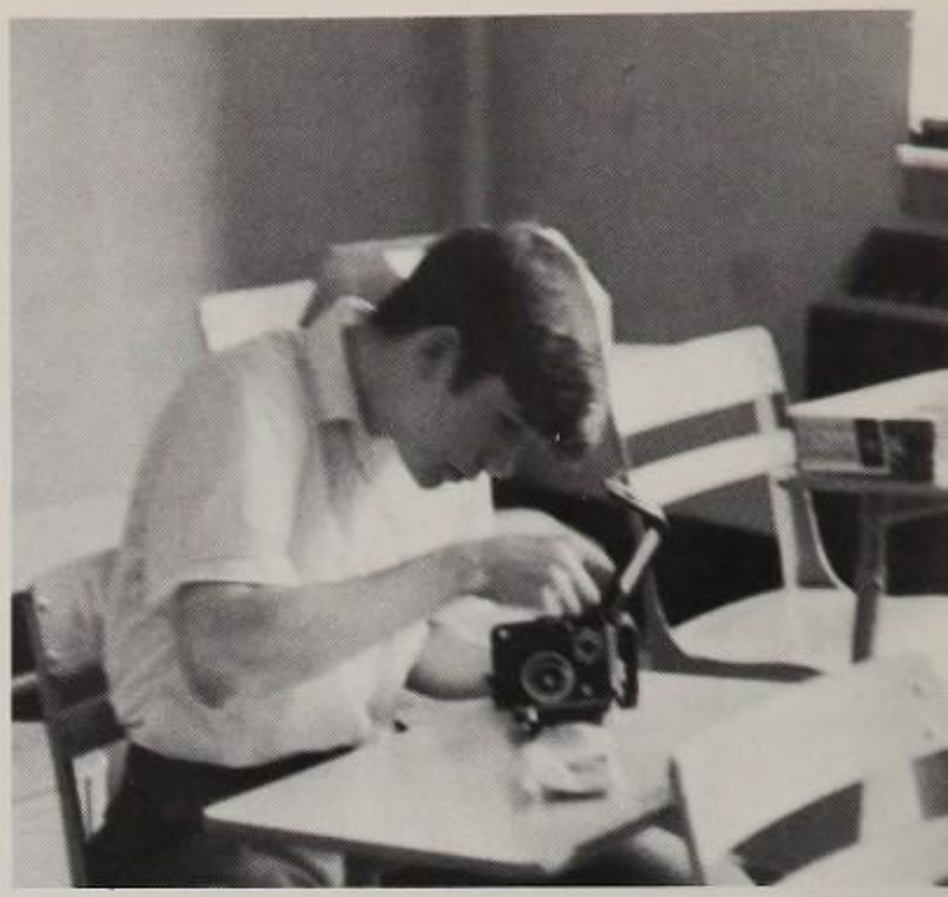
Miss McLaughlin put up with many sickening (but happy) moments.



When Charlie wasn't breaking cameras, he was getting hair in them.

Although she did work hard, Rose Ann spent many hours a week giggling.

Kathy was always there, offering her ideas and "pitching" in to make the deadline.

Sue's lightning fast pen helped the yearbook meet all its deadlines.

Diane was always finding new ways to administrate the book.

Melaureus Staff '68

Melaureus Staff: ROW 1—Annette Lehnbeuter, Rose Ann Digrispino, Susan Wuest, ROW 2—Kathy Kuhl, Diane Myerscough, Jeanne Myerscough, Tish Kitchen, Kathy Kelly, Charlie Bradbury.

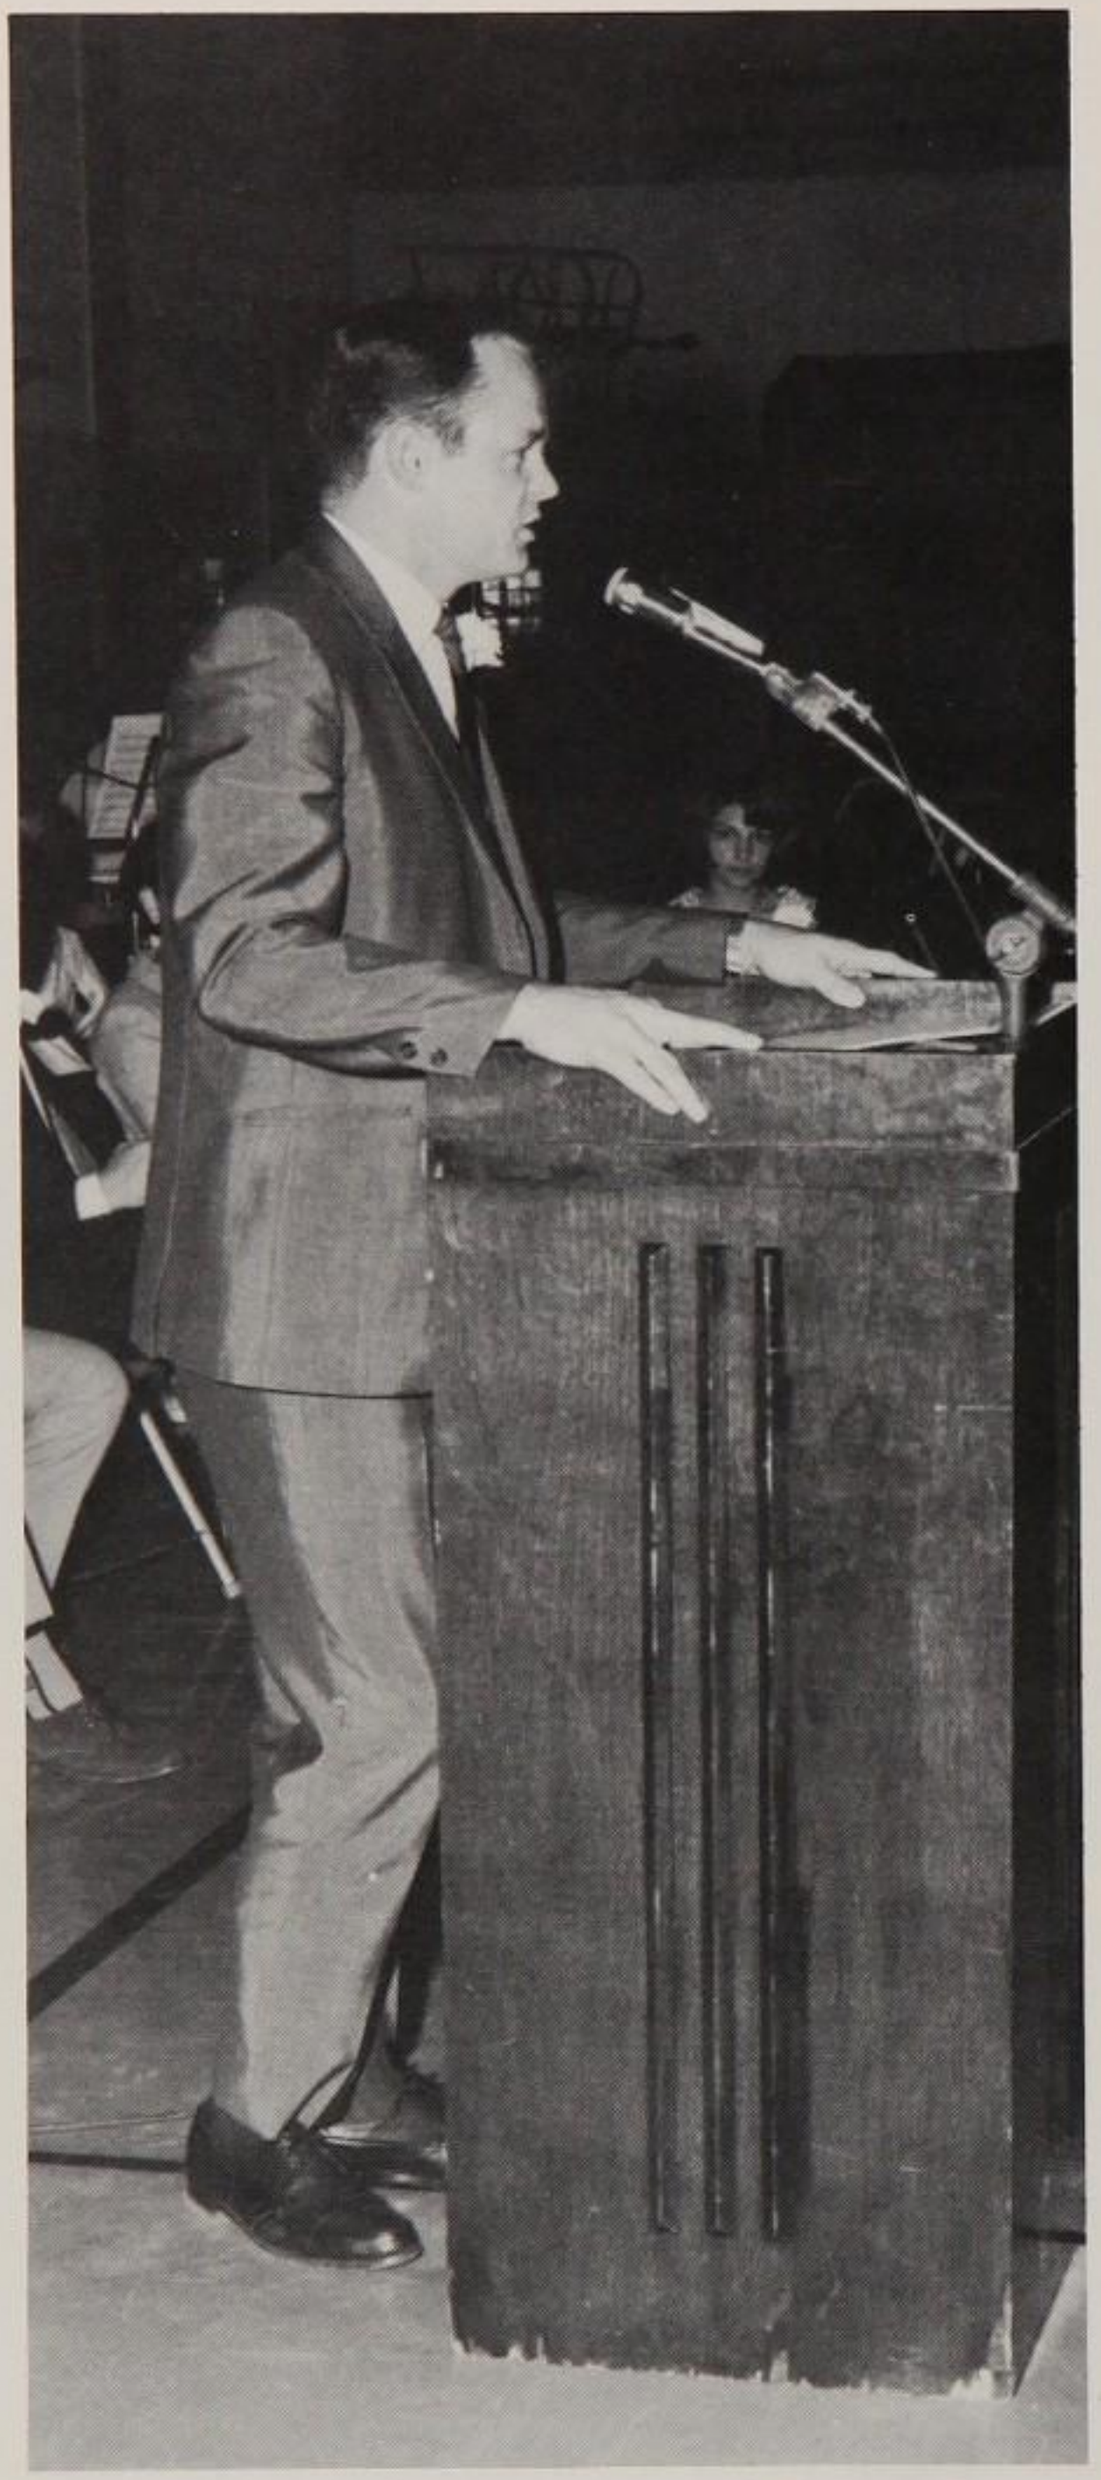
When Tish finally decided "what" she was, she wasted no time getting started.

Katastrophe Kelly

Jeannie made the '68 staff a "Family Affair."

Without Annette's eagerness and ability to laugh in a tense situation, we might have given up long ago.

Mr. Swain—without his advice and patience we might have had a small bomb on our hands.



A.F.S. '68

St. Louis began as a French trading post, and became the home of many foreign people. Today, St. Louis continues to receive new citizens and Ritenour keeps in step through the American Field Service. Each year several Ritenour students are sent abroad, and local families welcome the arrival of foreign students, this year from Finland and Germany.

To continue this flow of friendship, the A.F.S. annually sponsors a banquet and a talent show to finance its projects.

A.F.S. Chapter Advisors: Mr. K. Fiola, Mrs. Edwards, Mr. W. Robards, Miss Magill, Mr. Reynolds.

A.F.S. Chapter: ROW 1—D. Hendricks, K. Kuntz, C. Randle, ROW 2—J. Goehler, J. Houchin, D. Rathert, J. Peterson, M. Young.

Joe Hoerner, of the St. Louis Cardinals, was the guest speaker at the banquet.

Many students and adults enjoyed the dinner and a chance to meet area exchange students.

The foreign exchange students were served at the head table.

The A.F.S. Basketball game was the scene of a reunion of old friends during the Holidays.

A.F.S. Chapter, ROW 1—M. Shores, N. Winterowd, B. Wheeling, K. Nohr, ROW 2—D. Felt, B. Coubion, R. Taylor, D. Rosa.

The orchestra performed during the dinner hour at the Banquet.

Karin was able to continue one of her favorite activities: drama and the theatre.

Karin and the family dog have become best friends.

Karin and her American father, Mr. Felt, examine an object from her collection of Indian lore.

Typical of such an active girl, Karin quickly became a Ritenourite.

A.F.S. Exchange Student: Karin Nohr

Bringing with her a touch of Europe, Karin Nohr, of Germany, has brought new interests to her adopted city, St. Louis, and delight to her friends as a true Ritenourite.

At the A.F.S. Banquet, Karin was introduced with other area exchange students.

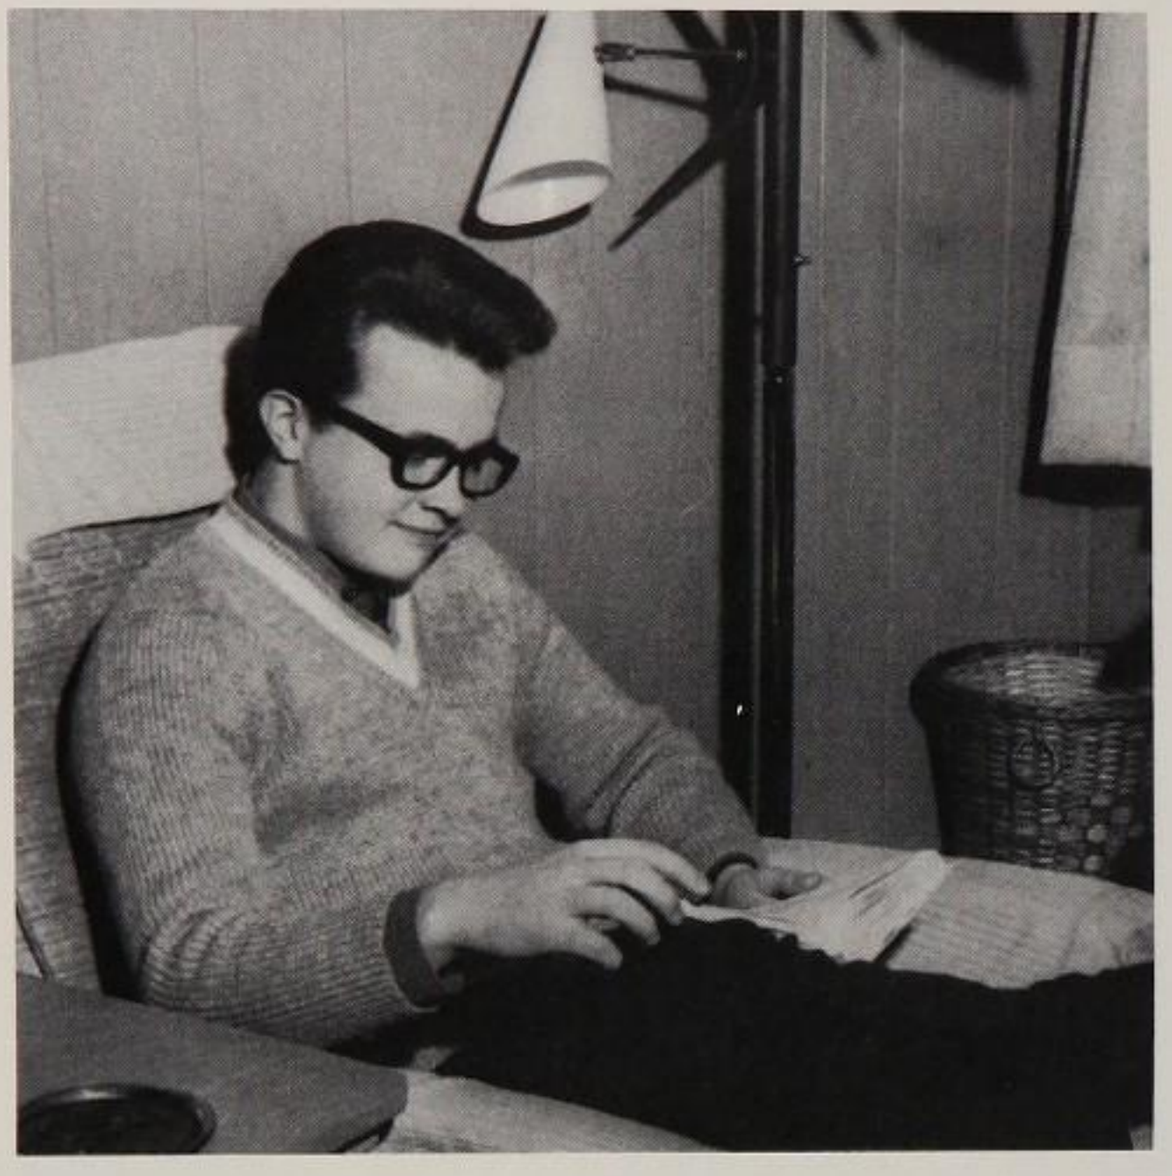
Karin's activities include many hours of work on A.F.S. projects (naturally), but she also finds time for drama, the orchestra, PEPPER BOS, and as many other school events as possible. Her many collections of objects make us think that when she leaves part of Ritenour will be with her not only in heart, but in suitcase as well.

The A.F.S. occupies many of her free hours.

The Felts: Around table—Mrs. M. Felt, Karin Nohn, Mr. R. Felt, BACK ROW—Jeanette, Debbie, Douglas

The orchestra allowed Karin to pursue her interest in music.

Mark's spare time is often spent with a good book.



Being a senior, Mark is involved in the senior class activities (naturally)

Chuck found an ideal chess partner when Mark came along.

At the A.F.S. banquet Mark spoke of his country and of Ritenour . . .

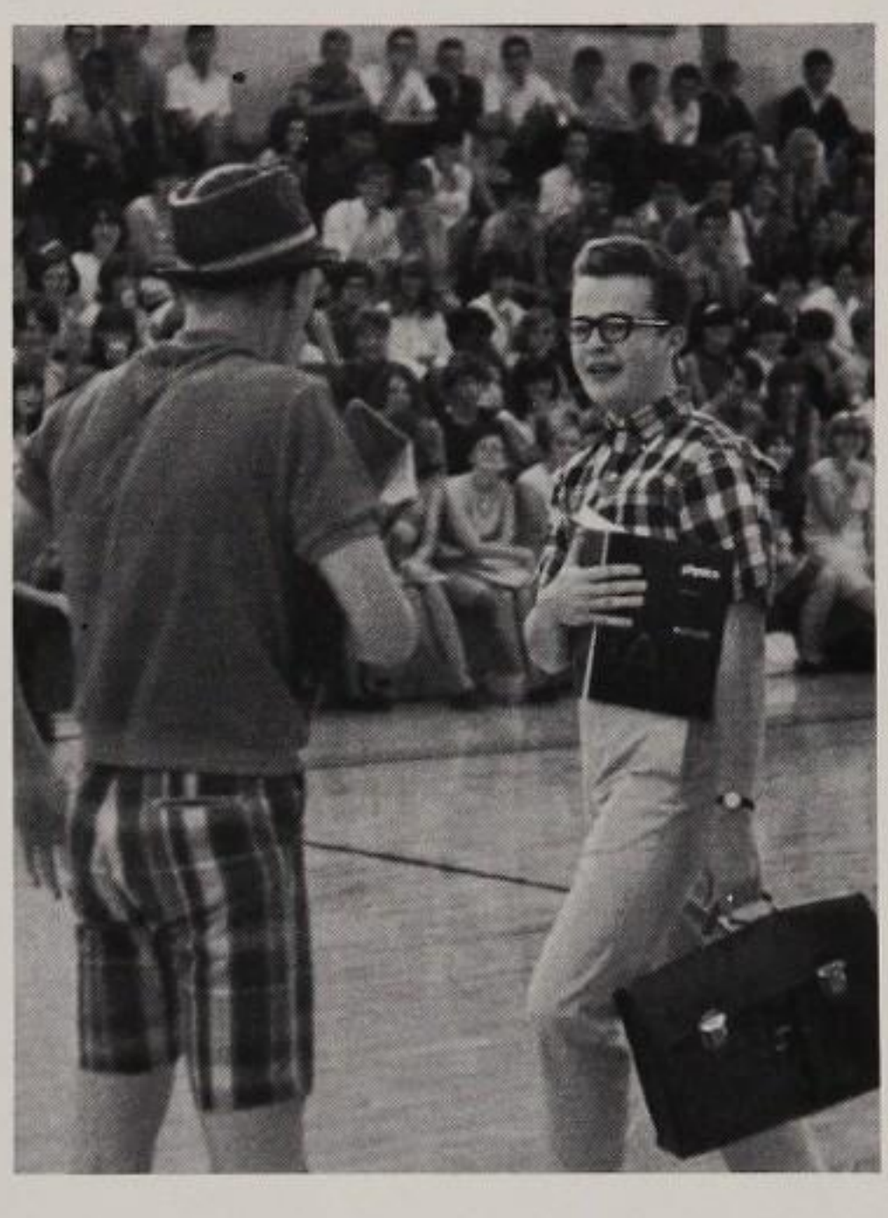
. . . and became acquainted with other area exchange students.

A.F.S. Exchange Student: Mark Autio

Mark Autio, the A.F.S. exchange student from Finland, has brought to Ritenour a flavor of Scandanavia. When he isn't involved with a physics problem, Mark enjoys playing chess, reading, and working with the A.F.S. and the Senior Class. Mark has been a part of Ritenour which few people will forget when he returns to his home.

The Calliers: Chuck, Mr. Charles Callier, Mrs. N. Callier, and Mark Autio.

His main activity is helping with A.F.S. projects.



Mark makes his official Ritenour appearance at the Howdy Assembly.

Mark and his American brother, Chuck Callier.

FINE ARTS '68

Music and drama have been vital statistics in St. Louis history, and so it has been with Ritenour. Not only are these forms of pleasure, but also of self-expression—fine arts. Few people think of a comedy and a marching band as fine arts; but they are, just as much as a concert.

A Ritenourite will find a fine art to enjoy or take part in because of the wide variety of choices: choir, band, orchestra, or drama clubs. Each concert and play needs students to make them successful, and enthusiastic to attend. Ritenour has never failed to provide either.

"Shall I arrange an accident?"

"To think of it! Our own little home, where we will be together—morning—noon—and . . ."

"Come, Miss Prudence, we must hasten home."

"The End."

Actors and actresses must be in close contact with each other.

Applying make-up before the play is a slow process.

Katz summonns Dolek to aid the helpless Jews in the Warsaw ghetto.

In a silent moment, Rachel reviews the trials of survival.

The "rush" before curtain time begins.

The innocence of childhood is reflected in the smile of a child.

The once wealthy Mr. Apt leaves his family, and posing as a Pole, flees the ghetto.

Tense, exciting, "The Wall" brings to Ritenour the drama of Jewish life in war-torn Poland.

An actress "feels" the part by participating in many rehearsals.

All eyes are ready for Mr. Byers' cue.

Orchestra '68

The orchestra at Ritenour performs at various functions. Under the direction of Mr. Merello, they played at the A.F.S. Banquet, the choir Christmas concert, as well as their own recital. They also performed at school assemblies.

The drummer needs a quick hand to catch the cues for his many instruments.

Special effects are used in choir concerts.

Hours of practice are needed for the orchestra recitals.

Drums provide the rhythm for music and marching.

Band '68

Dressed in bright new uniforms, Ritenour's band performs at assemblies, football games, and parades. A highlight of the year was their appearance last July at the Lion's Convention in Chicago.

Mr. Debo directs the Marching Huskies.

The band livens up half-time activities with snappy tunes and precision marching.

Pom-Pom Girls '68

Ritenour's Pom-Pom girls made their second debut with the addition of new members. Accompanying the band and majorettes, their appearance at football games and parades has brought entertainment and enthusiasm to the students. The Pom-Pom girls have begun a bright, new tradition at Ritenour.

The routines are rehearsed many hours after school and with the regular band practice.

Pom Pom Girls: ROW 1—J. Weisz, Captain, ROW 2—J. Freeman, G. Demme, B. Sublett, G. Lee, D. Bayless, ROW 3—L. Bostic, N. Beaudoin, F. Dickey, B. O'Sullivan, C. Dunn, ROW 4—B. Kincade, K. Wilde, S. Leen, J. Steedman, J. Martin, D. Hollaway.

HOMECOMING '68

Promptly at 10 a.m. the parade gets underway, and those many hours of flower-making-till-midnight disappear in all too short a time.

Followed by a pep rally to rouse the spirits of both team and spectators, the kickoff comes at 2 p.m., the Huskies fighting for victory with every play. At half-time the Queen and her court are presented, to reign over the game.

The day draws to a close with the dance, over which the court again presides. The theme, "Memories Are Made of This", stresses past activities; but the dance soon becomes a part of this collection of dreams.

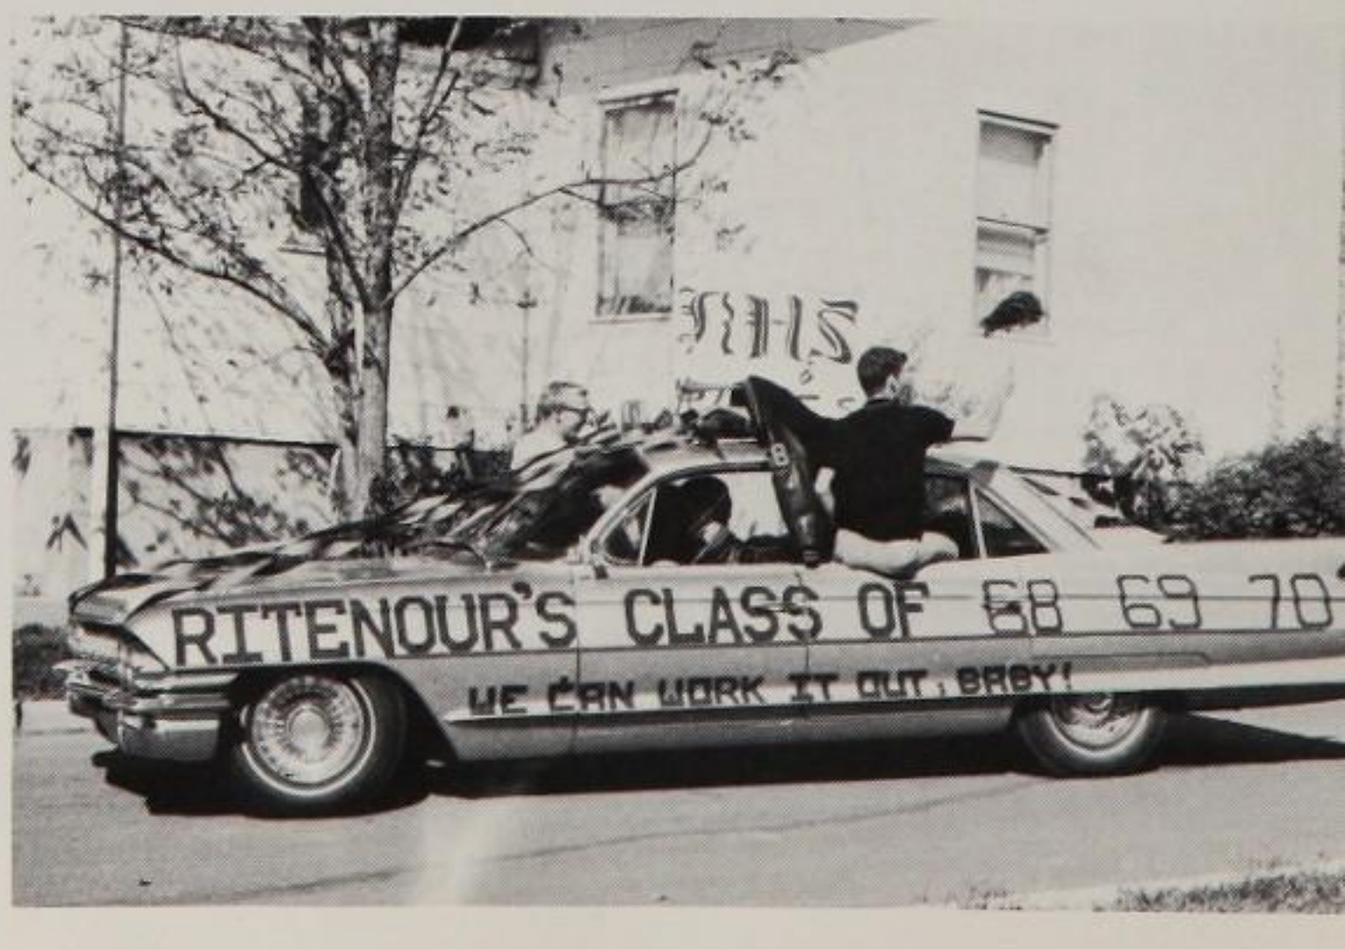
A bright sunny day turns out a large crowd of spectators . . .

A.F.S. causes a "bang" with a giant balloon.

Student Council float incorporates school and community activities.

Pom Pom girls lead the parade through the streets of Overland.

Mighty Huskie represents the Senior class.



Decorated cars add to the fun of the parade.

A Pep Rally boosts the spirit of both the team and the crowd.

The floats enter the stadium for the last leg of the parade.

Tired feet was a common complaint of the day.

German Club makes its debut with the smallest float of all.

French class accepts the trophy for their second prize-winning float.

Scribbler's float was bright and colorful, characteristic of the beautiful day for homecoming.

Junior Class float showed a promise for future projects.

. . . and exhausted students at the parade.

A pun on words was the theme of the Pep Club float.

The giant Huskie was the Senior way of showing support for our team.

Last minute alterations are made before the start of the parade.

Majorettes perform a special routine for Homecoming . . .

Halftime includes entertainment and the crowning of the second Homecoming Queen.

and a former queen shares her glory with a new one.

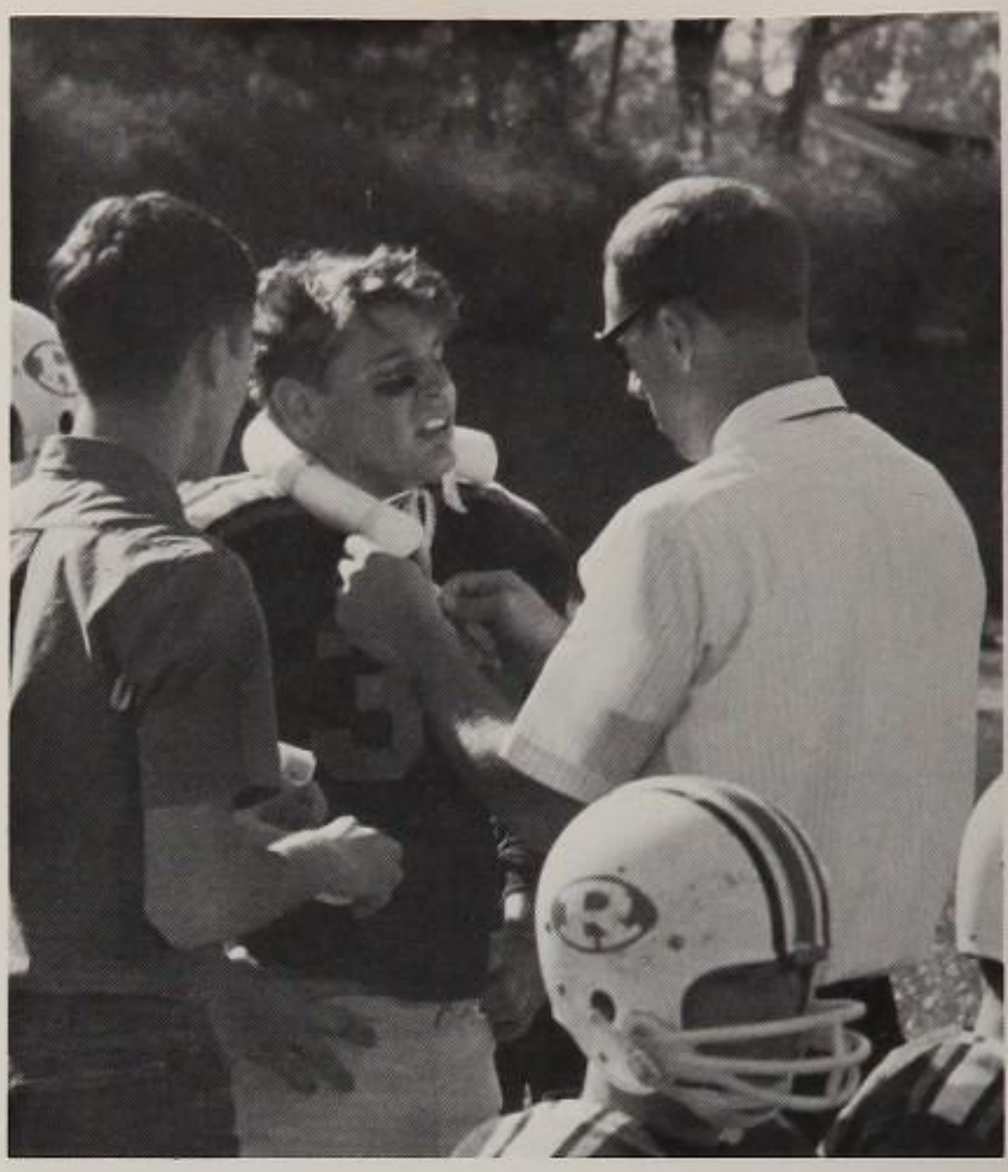
The team returns for another chance at victory.

Hey! Hold on there! Wait for me!

On the fourth down Ritenour punts to McCluer.

Coaching involves the ability to concentrate intensely.

KICKOFF!!



It's better to fight than switch.

The famous Ritenour "Huddle" precedes one of many plays.

Facial expressions reflect the score and the dwindling time.

INTERCEPTION!!

Ritenour puts up a fight, but McCluer takes the game 7—0.

What about the poor guy on the bottom?

Despite a losing score, Ritenour continues to hit hard.

The balcony serves as a place to enjoy the music of the Impacts.

The Homecoming Court is honored during their reign at the Dance.

Costilow Field House magically becomes a dance hall.

The Merry-go-round provides memories of childhood years.

The Band is often a fascinating part of the Dance.

Somehow a corsage makes the evening "twice as special".

As the climax of Ritenour's second Homecoming drew near, Students and Alumni remembered that "Memories Are Made of This."

A large rattle helped link the early years with the present.

SCOPE

A stairway represents the continuous climb and descent of students —the underclassmen on their way to their senior year, and the seniors on top, ready to graduate and begin again at the bottom of the community stairs as its new citizens.

As Ritenour undertakes the job of preparing students for a career, St. Louis continues the task, giving the graduate one final boost into his role as community and business-world citizen.

Ritenour remains, reminding the graduate of his education and life as a student; but St. Louis is now in the foreground, holding the future in its buildings and in its citizens.
